CASHES A CHECK ON MANILLA BANK

Jesse Kanaday, Employed on Road
Near Homer, Passes Bogus Paper
in Shelbyville, Thursday.

HE IS HELD IN JAIL THERE

Police Learn he Passed Good Check
on Rush County Contractor Be-
fore Cashing Bad Paper.

Jesse Kanaday, who has been working for Lon Phillips, contractor building a road near Homer, Walker township, yesterday passed a bogus check on the Manilla bank with the signature of Phillips attached, in a Shelbyville saloon and late in the afternoon was placed under arrest pending an investigation by the police.

Kanaday, who is twenty-seven years old, and who says his home is in Ridge Farm, Ill., is a railroad fireman, and holds a pass on the road on which he worked, but recently he has been in the employ of Phillips.

It is Phillips's unauthorized signature that appears to the check for ten dollars and fifty cents which the prisoner cashed at the saloon.

Kanaday has been seen about Shelbyville since the first of the week, but Phillips informed the officers in a telephone conversation, subsequent to the arrest of the man, that he called on him in Rush county Wednesday and received a check for his services, eight dollars and sixty-two cents being the amount. This check, on the Manilla bank, is thought to have been cashed there the same day it was issued, although this is not yet known definitely.

The check for \$10.50 Phillips denies having issued. It is also on the Manilla bank and is now in a Shelbyville bank, having been deposited before the matter of the supposed forgery had been discovered.

Will Schoelch noticed Kanaday while he was in the Val Schoelch saloon Thursday afternoon, writing out a check, and when it was learned that the fellow cashed a check later at the Gray saloon it was suspected that it was forgery and the proprietor was notified. The police found Kanaday almost immediately and took him before his accusers. He had in his pockets nine dollars which he returned to Mr. Gray.

Mr. Phillips has notified the Manilla bank to be on the look-out for the check and the same matter was to have been taken up with the Shelbyville bank to which it was turned over Thursday.

WILL TEST OUT FIRE BELL

Alarm Will be Sounded From 143
Tomorrow Morning.

An alarm will be sounded tomorrow morning between seven and seven-thirty o'clock from box 143, corner of Main and Eleventh streets. The purpose is to test out the box and when the fire bell rings there is no need to worry as it will simply be a practice run. The box has been installed for some time but an alarm has never been sounded from it and Chief Easley is anxious to see if the box is in working order. The firemen need not answer the alarm. The new fire team will be given a chance to show that it can do as the team will answer the call.

German manufacturers of velvet have combined in ahuge syndicate.

A DOZEN ARE GRADUATED

Annual Commencement Exercises of
Milroy High School Held.

A large crowd attended the annual commencement exercises of the Milroy high school in the school house auditorium at Milroy last night. The class address was made by Dr. E. H. Lindley of Bloomington, professor of philosophy in Indiana university. This is the first class to graduate from the new school building which was described last winter. There were six boys and six girls in the class. Wagoner's orchestra of this city furnished the music.

BOY INTENDED NO HARM BY SHOOTING

However Garrett Ricketts of Near
New Salem Pleads Guilty to
Carrying Concealed Weapons.

INDICTED BY GRAND JURY

Garrett Ricketts, of near New Salem, son of John Ricketts, pleaded guilty to the charge of carrying concealed weapons this morning before Judge Megee and was fined five dollars and costs, which was paid. Young Ricketts was indicted by the grand jury. Prosecutor Smith recommended a fine of one dollar, but Judge Megee held that under the law the minimum fine was five dollars. This was the first arrest on the indictments returned this week by the grand jury.

According to the boy's father Garrett was out hunting with the revolver and because he discharged it several people registered a complaint. According to his statement, the boy was guilty in the sense of the law, but intended no harm. The fine of five dollars and costs amounted to \$15.75.

TO GRANT MOTION FOR A NEW JUDGE

Judge Megee Will Appoint One to
Hear \$7,000 Note Suit Against
Moses and Mary Vandenberg.

A CHANGE IN OTHER CASES

A change of judge was asked this morning by William Turner, plaintiff in the \$7,000 note suit against Moses and Mary Vandenberg. Judge Megee will grant the change and it is understood that the parties are trying to agree on who shall try the case. The case is set for trial May 11, and the change of judge will in no way effect this as the issues are closed. Last week a motion for a change of venue from the county was denied by Judge Megee on the grounds that the plaintiff had already had one change, bringing the case here from Henry county.

A change of venue was granted in the account suit of the Cherokee Fuel company against John J. Conaway, Bert Leisure, Samuel Shephard, W. Pery Reddick and Joseph S. Oglesby. The motion for a change was filed by the defendant Conaway. The case was sent to Decatur and five days given in which to perfect the change. The sum of \$224.43 is demanded in this suit. The case of Edward A. Norris against the same parties was also sent to Decatur county. Norris demands \$725.

LABOR BUREAU TO ASSIST ALL

Secretary of Chamber of Commerce
Explains What Committee on
Employment Proposes to Do.

BULLETIN BOARD TO BE USED

Names of Persons Seeking Work or
Employees Will be Posted or
Held Confidential if Desired.

L. B. Smelser, secretary of the Chamber of Commerce, today issued the following statement concerning the labor bureau to be established: To all employers of labor, and all citizens of Rush county:

The Chamber of Commerce, through the committee on employment, has established a clearing house for labor. All employers of labor, whether factories, contractors, business men, house-keepers, or farmers, and all citizens of both sexes, are invited to make use of this bureau in getting in touch with each other for the purpose of employment.

The bureau wishes you to write, telephone 3369, or bring the statement of your needs, and it will give every assistance possible in bringing about results.

The method is as follows: the names of such employers or persons seeking employment will be kept in the office of the Chamber of Commerce, and unless it is desired to keep such names confidential, will be posted on a bulletin board for public inspection. Any inquiries will be answered promptly and freely.

The Chamber of Commerce cannot, of course, be responsible for the success of any person employed, nor guarantee any position, but the Secretary will use his best judgement in directing such employers and employees to each other, and try to fill a need that Rushville has felt in the past.

Such notices will be directed to the Secretary, phone 3369, or to Will Abercrombie at Abercrombie Bros. jewelry store, chairman of the committee on employment.

Many employers in the past have had difficulty in securing help on short notice, and many worthy persons have lacked work that was waiting for them could they but know it, and it is to benefit all that this department is organized. State and city governments have undertaken similar work, and have met with success. The fact that this service is free should make its use general by the men and women, and even by pupils of the public schools who need summer work. There is plenty of work to be had in Rush county; all that is needed is a simple way of securing information, without embarrassment.

UNITE ALL TO HIS SUPPORT

That is Aim of Huerta Who Released
All Political Prisoners.

(By United Press.)

Vera Cruz, May 1.—In a desperate attempt to unite all political factions to his support and organize them to resist the United States, Dictator Huerta has released all political prisoners in Mexico City, according to dispatches received here today. The released men include several congressmen. The report said Huerta addressed them as follows: "We are now brothers, facing a common enemy, the American invaders."

CONTRACTS FOR ONLY SIXTY DAYS

Council Instructs City Treasurer to
Accept Water Rentals For Two
Months in Advance.

RATE MAY BE RAISED ANY TIME

Besides, Meters Will be Installed as
Fast Possible—Stone and
Gravel Bids Postponed.

Starting today City Treasurer J. P. Stech will make sixty-day contracts with water consumers now on a flat rate. This was the instructions of the city council, which met last night in special session.

Water rentals where the consumer is on a flat rate are payable in advance, the year starting May 1. Instead of taking the money for the year, City Treasurer Stech will collect for only sixty days in advance. This new ruling was made because the city plans to raise the water rates and it is estimated that it will require two months to get it through the public service commission.

To raise the rates it is necessary to go before the commission and as the rentals are now due the city does not wish to make contracts for the entire year. Another reason for the two months' contracts is that the city hopes to have meters installed all over the city by the time the new rates become effective. If, at the expiration of two months, the new rate is not effective, then the city treasurer will make contracts for another two months.

The contracts for sixty days does not in any way effect the meters that are now in use. The meters are read every three months. The city treasurer has had any number of people who desired to pay their water bills, but has refused to accept any money until the council instructed him what to do, and he started this morning to collect on the sixty-day basis.

The real purpose of the special meeting was to receive bids of gravel and crushed stone. Two bids on the stone were received and one on the gravel. The bids were continued until the regular meeting next Tuesday night. The bids were on 10 cars of gravel and 10 cars of stone.

MINE STRIKERS WILL NOT DISARM

Refuse to Lay Down Guns in Colorado
Coal District Unless Mine
Guards do Likewise.

THE ARMY OFFICERS CONFER

(By United Press.)

Trinidad, Colo., May 1.—Flat refusal of the mine strikers in the Trinidad coal district to surrender their arms to United States troops was met today by Major Holbrook, when William Diamond and John Brown, representatives of the strikers, met the army officers in conference at the hotel here.

Before meeting Holbrook the labor leaders said unless the "Rockefeller mine guards" agreed to disarm, they as officers of the union, would refuse to advise the men to give up their arms, but would leave it to them to act in any way they wished as individuals.

After the conference, the leaders said they believed Holbrook would disarm both.

POSTMASTERS NOMINATED

Connersville and Richmond Appoint-
ments in Bunch Today.

(By United Press.)

Washington, May 1.—President Wilson this afternoon nominated the following Indiana postmasters:

At Warsaw, Lucius G. Wann; at Richmond, Charles B. Beck; at Martinsville, Lewis Sartor; at Liberty, Albert T. Seiring; at Connersville, Simon Doenges; at Logansport, George B. Davis.

BELIEVE FROST DID NO DAMAGE

Growers Here Feel That Fruit is Too
Far Advanced to Show Effects
of Cold Last Night.

WARMS UP A LITTLE TODAY

SOME DAMAGE IN STATE.

(By United Press.)

Indianapolis, Ind., May 1.—Some damage was done to fruit beds all over the state by the frosts last night. Reports received by the weather bureau here were that heavy frosts had appeared in northern and central Indiana. Weather experts said time alone would determine the extent of damage done.

Opinions vary as to whether the frost of last night, which was general all over Indiana, damaged the crops to any extent. The predominance of opinion here seems to be that the great majority of the fruit is so far advanced that the frost did very little damage, if any at all. Most all of the fruit trees, with the exception of the apple, are in full bloom and most local growers believe that they are beyond damage by a frost just as the one which fell last night.

The temperature last night was very near freezing, but it was not low enough to damage any of the fruit, it is believed. The atmosphere was chilled all day today, but the mercury rose gradually during the morning and showed symptoms of getting back to normal temperature. The average temperature at noon was sixty degrees. Fair skies are predicted for tomorrow.

RUMOR OF DEAL TO BUY STAR LEAGUE

Efforts to Verify Report Crawford
Fairbanks Wants to Buy Three
Indiana Newspapers Unverified.

HE AND OWNER IN CHICAGO

(By United Press.)

Indianapolis, Ind., May 1.—An attempt to verify a report in Terre Haute that Crawford Fairbanks had bought the Star League of newspapers failed for John Schaffer, the owner, and Ernest Bross, his Indianapolis managing-editor, are in Chicago. It is understood that Crawford Fairbanks is there and that he has spent much of his time there the last three weeks. Fairbanks is a millionaire brewer and Democratic politician of Terre Haute. The Star League of newspapers consists of the Terre Haute Star, the Muncie Star and the Indianapolis Star. They are all avowedly Progressive newspapers now.

ONLY RAIN SAVES AMERICAN LIVES

William G. Shepherd, U. P. Staff Cor-
respondent, Relates First Story
of Eventful Day in Mexico.

AMERICANS HID IN COACHES

Mobs Ran Wild in Mexican Capital
When News of Capture of Vera
Cruz Reached There.

WILLIAM G. SHEPHERD.
(U. P. Staff Correspondent.)
(Copyright April 24 by the United Press)

Vera Cruz, April 24 (By mail to New York)—The news of the landing of marines came to Americans in Mexico City like a crash of thunder from a clear sky. For three days Americans had been fleeing from the city on nightly trains from Vera Cruz, departing amid the jeers of the Mexican crowd upon the platform of the Buena Vista station.

Huerta had been maintaining the strictest order in the city, prohibiting the formation of crowds and declining permission to the newspapers to print the fact that Mexico had refused to salute the American flag.

Americans had felt perfectly safe and had gone about the streets as usual, meeting only ugly looks and grim remarks.

Tuesday morning (April 21) at 10 o'clock a man at the American Club received a code message from Vera Cruz, saying that Admiral Fletcher intended to land marines at Vera Cruz at noon. The word went like wild fire in the American colony. Men telephoned to their homes telling their wives and children to stay in doors until the men could reach them. The code message was soon verified by news which came over railroad wires. By noon there was a large crowd of men at the cable and railroad telegraph offices, waiting for what news they could get of the landing. I was at the cable office.

As soon as the news was confirmed I filed a simple code message reading: "Films forwarded in Vera Cruz," which is our private code meaning "American troops have entered at Vera Cruz." This was followed by a second code message. I did not know that these messages had reached New York until I arrived at Vera Cruz today. They were Continued on Page 3.

The Queen of the May

The celebrations of today bring to mind the fact that Spring is here in all her glory and that summer is just over the border-line.

To the practical minded comes the thought of many purchases to be made. Wardrobes are to be replenished and summer homes fitted up. No time now for delay—choice must be made at once.

What a splendid friend the advertising columns of a live newspaper like the Daily Republican prove at a time like this.

They are full to overflowing with helpful suggestions. The advertisers are men deserving of confidence. They make their appeals in tune with the season.

Let the message guide you to a safe and speedy solution of your May time shopping perplexities.

Why Not Pay More? For Sherwin-Williams Paint Than For Some Others

- REASON No. 1**—Because there is 20% more pigment in a gallon can and pigment costs more than oil.
- REASON No. 2**—Because the formula is on the can; you get just what you pay for—an honest paint.
- REASON No. 3**—There is no coal oil or cheap mineral oil in it.
- REASON No. 4**—It has stood the test for 60 years and more calls than any 3 mixed paint on the market.

Why, there must be a reason. Come in, let us talk paint to you.

NYAL DRUGGIST

Prompt Attention Given to Parcel Post Orders.

We Have Noticed that a FLEA is In a Class by Himself

when it comes to getting results—no matter how big his territory he covers it and after he covers his territory you know he has been there. The only difference between the territory we work in the buggy business and the territory the flea works in is we leave everybody in a satisfied frame of mind and we reckon the flea doesn't. There are lots of fellows selling buggies, however, that are like the flea. They jump over lots of territory, get a bite here and there and don't care whether you are satisfied or not, but we do want your business all the time and that is the reason we make our buggy guarantee as good as old line life insurance. We tell you what to expect from a buggy we sell you and then see that you get it. That is the way we are going to keep what we have and build more. We want you in on this proposition and extend you an invitation to call on us for your vehicle needs.

SELLS CHEAP ELECTRICITY

Cleveland Begins Project Which Will Force Price Down.

(By United Press.)

Cleveland, May 1.—The city of Cleveland—home of three-cent street car fares, and other progressive municipal advantages—today began furnishing its "customers," residents of Cleveland, with electricity at three cents the kilowatt hour. The regular price charged by corporations is ten cent. At the start 40,000 "customers" can be supplied. Two big municipal electric-making plants turned their wheels today for the first time. Backers of the project are confident it will mean private corporations must be forced down to the same price. The making of electricity for sale at its residents is no new thing to Progressive Cleveland. For several years enough electricity has been made to supply 4,000 people. Eventually, city officials declared today, Cleveland will furnish electricity for every home in the city unless private corporations come down to Cleveland's three cent charge.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

With The Churches

—Preaching services at the Glenwood United Presbyterian church every Sabbath at 2:15 o'clock in the afternoon by Rev. A. W. Jamieson. D. D. Sabbath school at 1:15 p. m.

—Regular services at St. Mary's Catholic church, conducted by the Rev. M. W. Lyons. Masses at 8:00 and 10:00 a. m. Sunday school, 2:30 p. m. and Vespers at 3:00 p. m.

—There will be preaching every Sunday at the Glenwood M. E. church. Morning service at 10:30 o'clock, evening services at 7 o'clock and Sunday school at 9:30 o'clock.

—Preaching services will be held at Sexton every second and fourth Sunday of each month. Services are held at 10:30 in the morning and at 7:30 in the evening. The Rev. Mr. Benson is the pastor.

—"The Beginning of Jerusalem" will be the topic for the morning at the Main Street Christian church Sunday at 10:30. The evening sermon at 7:30 will be on the "Life and Destiny." Sunday school will be held at 9:15. Special music will be given at all services.

—The Rev. W. W. Lineberry will preach both morning and evening at the New Salem Methodist Protestant church. The subject of the morning is "Jacob and Esau" and in the evening "The Lost Boy." Sunday school at 10 a. m. preaching at 11 a. m., Christian Endeavor at 6:30 p. m. and preaching at 7:30 p. m.

—The Rev. A. W. Jamieson will preach on the subject "The Hand to the Plow" at the morning service at the United Presbyterian church. Sabbath school and other services at the usual hours with the exception of the evening service. There will be no preaching in the evening as the pastor will deliver the baccalaureate sermon to the Union township school graduating class at Glenwood.

—Regular services at the First Baptist church Sunday. "Unity and the Lord's Supper" is the subject of the morning sermon by the pastor, the Rev. S. G. Huntington. The regular communion will be held at this service. The evening sermon is on the subject "Self Deception." Bible school at 9:30 a. m.

—"A Spiritual Lesson From Natural Laws" is the topic of the Rev. J. B. Meacham's sermon Sunday morning at the First Presbyterian church. In the evening he will preach on the subject "The Man With a Withered Hand." Other services at the usual hours.

—Special services will be held at the Little Flatrock Christian church next Sunday morning. The offering for home missions will be the occasion for a short demonstration of the moral and spiritual needs of America. Christian Endeavor will be held at 7 p. m., after which the evening sermon will be preached. The public is cordially invited. Moody Edwards is pastor.

A Warning to Many

Some Interesting Facts About Kidney Trouble.

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1912, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00. (Advertisement.)

PEARL SINDELAR.

PEARL SINDELAR is one of the movie actresses often seen on screen plays. Perhaps you may remember seeing her or if not will watch for her.

"His Sweetheart's Child" is a pathetic drama containing some beautiful scenes of rural France. Adrienne marries Phillip, a city chap, rejecting her childhood sweetheart, Peter. She goes to the city with Phillip, and in a few years she returns with her little girl, broken hearted. Later she dies. Fifteen years later Phillip wants to take his child to the city to give her an education, but he is prevented from doing this by the child's grandfather and Peter. Phillip goes away, and Peter marries his sweetheart's child.

"The Mansion of Sbs" is a drama with an old plot, laid in the early nineteenth century. The costumes and scenes add to it greatly. An old scientist neglects his wife for his studies, while she engages in a harmless flirtation with a young lawyer.

SCENE FROM "THE BOLTED DOOR."

Harry Stafford, magazine writer, physician and for several years a prominent actor on the legitimate stage, is the author of a three reel comedy-drama adapted from the novel of the same name, "The Bolted Door," by George Gibbs. This novel was one of the best sellers of 1913 and was chosen from a score or more of books as having the most adaptable and suitable story for J. Warren Kerrigan, a photo play star.

A six reel production of Richard Henry Savage's novel "My Official Wife" has been finished. This novel of Russian nihilist life was once a dramatic vehicle for Robert Hilliard.

"Lucille Love, the Girl of Mystery."—This de luxe production is sure to be a success. From the very outset it scents of excitement and mystery. Two reels are to be produced every week for fifteen weeks. As is always the case in pictures that are "to be continued," the last reel ends at an exciting moment, which is sure to cause the public to return for the next installment.

"The Colonel's Orderly," an excellent drama containing some very good scenes. Burton commits a robbery in the colonel's house and blames it on Berger, who is arrested. He escapes, is shot and confesses.

ONLY RAIN SAVES AMERICAN LIVES

Continued from Page 1.

filed while the excitement at the cable offices was at its height.

"They've landed," the operator at the Vera Cruz end told us. "They're firing on the city." Ten minutes later he wired: "The American marines have rushed through the office here and are going on the roof. There is fighting all around here. Everybody has gone out but me and if it gets any hotter I'm going too." A minute later the cable was dead.

At the railroad office much the same thing happened. Joe Daniels at the Vera Cruz end of the wire stayed at his post as long as possible telling the Americans marooned in Mexico City what was happening. He wound up by saying "I can't stay in the office."—He didn't even have time to add the letter "e" to the last word.

"What will I do with my family?" every man asked the other. They were agast. The embassy was bombarded. O'Shaughnessy was astonished. He had received no word of the landing of the marines. The curb of the embassy was lined with automobiles and coaches and the offices were filled with drawn faced men.

"I can't tell you a thing," said O'Shaughnessy.

The men, therefore, freed O'Shaughnessy of blame. Admiral Fletcher and the officials at Washington were roundly cursed for not having given the Americans warning. It wasn't terror that seized the Americans, but alarm was widespread.

"What will the Americans do when they hear of it?" was the general question. The answer soon came. By 2 o'clock extra editions were on the streets. One paper tried to make it easy for the Americans by saying that Americans in the capital deplored the Vera Cruz affair. Another said: "Yankees take Mexican blood. Even the little children of this capital will rise against them." By three o'clock there were marching, singing crowds in the street yelling: "Death to the Yankees."

It rained all day—an extraordinary thing in Mexico City—and Americans took shelter in "coaches"—the typical Mexican carriage—and hid under the rubber tarpauline. A day of sunshine might have meant bloodshed.

The train which left for Vera Cruz at 8:10 Tuesday evening was jammed to the guards with Americans. Even sick persons had been placed aboard. This train never reached Vera Cruz. It got within 14 miles of that city and was turned back returning to Mexico City with its load of Americans 36 hours later.

The mobs on Tuesday afternoon attacked the hotel Porter and American place, the American club and the American consulate, smashing windows with stones and yelling for Yankee blood. Guests of the American hotels were forced out, without getting their belongings. The American Club was abandoned. Americans took shelter in private houses. As night fell, the crowds became more

violent.

Policemen were sent to the embassy to guard it, but in the center of the town they made no effort to stop rioting. It was a member of Huerta's house of deputies who led a crowd at one o'clock in the morning to the American Club to batter the doors for admission. Later he led this same crowd to Fiske's American jewelry store and amid the firing of their revolvers, they looted the place of \$10,000 worth of jewelry while the law-maker looked on.

Scores of American men gathered in the basement of the embassy that night and prepared 275 rifles and

machine guns which Huerta had permitted O'Shaughnessy to receive a week before. A jeering, hooting crowd of Mexicans gathered in front. "The Japanese will help us," was one of their cries. The Americans loaded their rifles but the police dispersed the mob, which moved on.

O'Shaughnessy in the meantime was trying to cable Washington but he could receive no answer. This was explained when an officer of the cable company confided to me that the Mexican army had seized the land wires of the cable which runs to Vera Cruz.

THE GEM

KING BAGGOT in "THE TOUCH OF A CHILD"

The story is one of deep heart-interest. Some of the play is a sword duel between Mr. Baggot and a Frenchman. An European gambling house and scenes in Paris makes this picture very interesting.

"THE RIVAL DENTISTS"

Or how a scheming college youth got even with his prospective papa-in-law.

SOCIETY NEWS

Yesterday members of the Thimble club and other Rushville women enjoyed the hospitality of Mrs. John Ditmars and Mrs. Will Ditmars, formerly Etta and Minnie Graham of this city, daughters of the late David Graham. Some of the guests went from here by interurban and others in automobiles. They were entertained at the home of Mrs. John Ditmars, a mile from Franklin, and had supper at the home of Mrs. Will Ditmars, two miles from Franklin. The Rushville women went on an automobile ride through Johnson county during the afternoon. The two Ditmars home are beautiful country residences and have every modern convenience and equipment. Mrs. Alvan Moor and Mrs. Ab Denning remained there and Mr. Moor and Mr. Denning will join them for the week end.

Amusements

The Portola will show a Kalem drama "Indian Fate" for the first picture tonight. It is said to be a thrilling western drama. The second is a Vitagraph drama "His Little Page," Norma Talmage and Leo Delaney are featured. The last picture is a Selig drama entitled "Through the Centuries." Tomorrow night a two reel Vitagraph drama "Iron and Steel" will be shown.

The Gem will show a two reel Imp drama "The Touch of a Child" for the first picture of the program this evening. King Baggott is featured and it is said to tell a story of deed heart interest. One of the thrilling scenes of the play is a sword duel between Baggott and a Frenchman. The other is a comedy "The Rival Dentists." Tomorrow matinee and night the three reel 101 Bison "Captain Jenny S. A." will be shown.

"The House of Fear" is the title of the first picture at the Princess tonight. It is a two reel Lubin feature and tells a powerful story of dramatic situations and beautiful scenes. The other is a Biograph comedy "Skelly and the Turkey." Norma Talmage and Leo Delaney will be seen tomorrow in "Sawdust and Salome."

Villa And Pictures.

Today's dispatches say that General Villa, Mexican Rebel Chieftain, has halted his attack on Saltillo until the moving picture men can locate in a position of advantage so as to record the approaching battle between the Constitutionalists and Federals. It is hinted, dispatches say, that Villa has an interest in the motion picture business. It would seem to us that hint is a rather mild term in this instance. The general who would hold up a "battle" when everything in readiness for the attack would naturally have some pecuniary interest in the cause for aforesaid "holding up." It is doubtful if there is a case on record in any "war" where a battle in a crucial point in a campaign was delayed so the motion picture operators could get located. But to a person on the outside looking in, the present revolution in Mexico is more of a personal affair than one founded on any deep-set conviction that the wrongs of a people should be righted.

Although no actual statement has come from Villa, it is reported by his officers that he will never consent to the armistice asked by the A. B. C. mediators. But who's going to blame Villa for that? He would lose all the "royalties" from the motion picture concerns if he forsook the campaign just now and did not stage the battle at Saltillo per agreement. Of course, the "business men" of the present administration will hold no malice against Villa if he acts as it is reported he will, because the loss of the "gate receipts" would mean something to a movement that is existing in loot and ransom money. And besides, what's the matter of a few lives when the proceeds from a battle for the "movies" is concerned?

The complexity of the baseball situation, muddles our cranium. It was bad enough with the American League, the National League and the American Association, but now the Federal League rings in. Hereafter we expect to confine our attention to the Arlington Red Sox and the Rushville Arcadians.

There is only one real good and successful way to dodge the spring fever; die some time along during the winter.

There is a man in Frankfort town who will pay a reward if two lost Praise dogs are returned unharmed. Yes, it takes all sorts of people.

Well, girls, you may as well lower your darts a trifle, now that Vincent is married.

Everything seems to be divided about equally anyway, so who's to

complain! The rich drive the automobiles and the poor dodge 'em.

Imagine, if you can, all of the dreamland garden that never blooms!

We Have With Us

The girl who creaks the porch swing every night from eight to eleven.

And to think of it! Only a few weeks ago we were all agitated about those decent Ulster people who could not see the King's way of doing things. For all we know, by this time George may have led the army into Ireland and subdued the whole bunch. That all goes to show what even a miserable old whelp like Huerta can do.

Tra La, see you at the war.

(Muncie Press)
Same Old Gas

The Democratic leaders have concluded that the race for the senate lies between Senator B. F. Shively, their nominee, and Beveridge.—Indianapolis Star.

It the democratic leaders believed anything of the kind they would be doing nothing to advertise their thoughts on the subject. Their game is, of course, to encourage the man upon whom they depend to attract enough votes away from the republican senatorial nominee to make the success of Senator Shively possible. Before very long they will be printing "straw polls" showing Beveridge running neck and neck to Shively, in the hope that they may induce republicans to vote for Shively to beat Beveridge." This old gag will not work this year, with the tremendous drift republicanward that is now apparent. The democratic leaders know whom they have to fear this year, and this accounts for their frantic effort to make it appear that they are not in immediate danger of a thumping at the hands of their old time adversaries in this stage. At the same time they are unable to name a man who voted the republican ticket in 1912 who is not standing by the party this year, while it would be no trouble to compile a list of thousands of 1912 democrats and progressives in Indiana who are proclaiming publicly their allegiance to the republican cause in 1914.

UNITED STATES boasts of a trained marine corps numbering about 10,000 men. Under Brigadier General George Barnett, who recently assumed command, they are well equipped for service in Mexico. There were at least 3,000 marines, all told, in Mexican waters when the president was authorized to begin the blockade.

**Best Site for a Poultry House Is
 Where Good Water is Available**

Poultry houses may be built more open and consequently less expensively in the southern states than in the north, according to investigations of the United States department of agriculture.

However, a house which gives satisfaction in Maine will also give good results in Texas or California. The best site for a poultry house in any location is one where good water and air drainage are available. The floor and yards will then be dry. The house should not occupy a low hollow in which cold air settles. Where ever possible a southern or south-eastern exposure should be selected, although this is not essential if there is any good reason for facing the house in a different direction.

"Poultry House Construction" is the title of the department's new Farmers' Bulletin (No. 574), in which are explained the main features that should be considered, and in which pictures and plans of satisfactory houses are shown. Every poultryman who contemplates erecting new poultry buildings should write to the department for this bulletin, which will be sent him free on application, as long as the department's supply lasts.

There are two popular ways in which to raise poultry, the "intensive system" and the "colony system." The first of these aims to save steps, and accomplishes this purpose. Long stationary houses are used. It is easier, however, to keep the birds healthy and to reproduce the stock under the second system.

Under the colony system the birds are allowed free range, the houses, which hold about 100 hens each, being placed from 200 to 250 feet apart, so that the stock will not kill the grass. This system may be adapted to severe winter conditions by drawing the colony houses together in a convenient place at the beginning of winter, thus reducing the labor during the cold months. The first system is more suited for hens used solely for the production of market eggs than for those used to breed stock.

Fences mean an outlay of money, and this outlay is more or less continuous, as they must be maintained after being installed. There should be as few fences as possible dividing the lots and the yards, as land can be kept "sweet" more easily if not fenced, and fresh, sweet land is a valuable asset in poultry raising.

"On good soil, a greaseward may be kept up by allowing 200 to 250 square feet of land per bird. This means 217 or 174 birds per acre. More space is necessary on poor or light land. A larger number of fowls

are usually kept to the acre where double yards are used and the land is frequently cultivated. Plymouth rocks and the other heavy meat breeds in small yards require fences 5 to 6 feet high, while a fence 6 to 7 feet high is necessary for leghorns. The upper 2 feet of the fence for the latter may be inclined inward at an angle of 30°, or a strand of barbed wire may be used on top of the regular wire, to keep them confined. It is also sometimes necessary to clip the wing feathers of one wing of these birds that persist in getting out. A board or strip along the top of the fence is not advisable. Hens will often fly over such an arrangement.

Posts may be set or driven into the ground. They should be set 8 to 10 feet apart, with common poultry netting, or 16 to 20 feet, with woven wire. Corner posts should be about 8 inches in diameter and be set 4 feet in the ground, while intervening posts may be 4 to 5 inches in diameter and set 3 feet in the ground. That part of the post which is set in the ground may be charred or treated with some wood preservative to advantage, while corner posts should be firmly braced or set in cement.

All buildings and appliances on a poultry farm will be improved greatly, both in appearance and in serviceability by the addition of paint. One may buy ready-mixed paints, or may purchase paste pigments and oil and mix them. All surfaces should be clean and dry before they are painted. Use a priming coat made of equal parts of paint and linseed oil and cover with one or more coats of paint, which should be thoroughly rubbed into the surface.

Whitewash is the cheapest of all paints, and may be used either for exterior or interior surfaces. It can be made by slaking about 10 pounds of quicklime in a pail with 2 gallons of water, covering the pail with a cloth or burlap and allowing it to slake for one hour. Water is then added to bring the whitewash to a consistency which may be applied readily.

A weatherproof whitewash for exterior surfaces may be made as follows: (1) Slake 1 bushel of quicklime in 12 gallons of hot water; (2) dissolve 2 pounds of common salt and 1 pound of sulphate of zinc in 2 gallons of boiling water; pour (2) into (1), then add 2 gallons of skim milk and mix thoroughly. Whitewash is spread lightly over the surface with a broad brush.

Colorado's ore product for 1912 was valued at more than \$4,270,000.

PROSPECTS FOR VICTORY GOOD

Fans Highly Elated Over Announcement of Signing of Sanford and Expect to Win.

NEW UMPIRE IS SECURED

Superbas Will Line up Much Same as Last Year With Bob Geary in Box.

(By Doc Miner.)

The fans were highly elated over the announcement that Manager Fisher of the Rushville team had secured Ed Sanford to pitch for the Arcadians. The ability of Sanford is well known here and the general opinion is that he should beat Davidson's Superbas Sunday.

The management of the Arcadians will make an effort to keep Sanford the rest of the season but even if he only pitches the one game it should be well worth while. Fisher says he is a wonder and the fans are hoping for warm weather in order to give him a chance. Rushville will give the Superbas a great battle from all indications.

Yesterday a six-ton steam roller was used on the grounds and they are in fine shape. The heavy roller leveled the infield wonderfully and did more good than anything yet tried on the grounds. The base lines were filled up and then the roller put to work. The grounds will be very fast Sunday providing it does not rain. One of the largest crowds of the season is looked for Sunday as the Superbas are well known here, having lost a one to nothing game and then came back and beat Rushville, last year.

The team is practically the same as last year. Bob Geary, who let the Arcadians down with three little hits last year will again pitch for the Cincinnati team. With Geary in the box it will require someone like Sanford to stop them.

The Superbas will line up as follows: Conray, catch; Geary and Heismann pitch; Westerfield, first base; Tedesco, second base; Seferno, short; Flannery, third; Kuhlman, left field; Guire, center field; C. Geary, right field and C. Heismann, utility. Conway the catcher will be remembered as one of the best and heaviest hitting catchers on the local grounds last year.

The Arcadians will face the Superbas with the line up the same as last Sunday with the possible exception of one change. Spillman may be placed at second and Fisse at third. O'Dell, who played third, in case this change is made, will be placed in the outfield. Spellman is an infielder and it is figured the infield would be strengthened and at the same time the batting strength of the team would not be weakened because O'Dell would be retained in the line up.

In case this change is made the team will line up as follows: Matern, catch; Sanford, pitch; Bridgeman, first; Spellman, second; Johannes, short; Fisse, third; Pierce,

left; O'Dell, center and Tompkins or Todd, right.

Manager Fisher also announces that he has secured a new umpire. His name is Stimmel and he is said to be a real umpire. He worked at Kokomo part of last season and also at Richmond. He is said to be square in his decisions and knows the game from start to finish. Capt. Pierce reported that he had secured Stimmel. The game will be called at 2:30 o'clock.

SENIOR PLAY IS SET FOR TONIGHT

"Captain of Plymouth" Promises to be Entertaining Dress Rehearsal Shows Cast Well Trained.

COLISEUM WILL BE HEATED

High School Stages a Parade at Noon With Brass Band and Other Features Including Callopie.

The curtain will rise tonight at eight o'clock for the senior class play, "The Captain of Plymouth," which will be given in the coliseum. At the final dress rehearsal last night every thing went off nicely and the play promises to be a great success.

Many of the costumes are comical and afford many a laugh. The puritans dressed in the ancient costumes, and the army, which would make Julius Caesar jealous, is of a large variety, both in size and dress. Captain Miles Standish around whom the play centers, plays his part exceedingly well.

A great many song hits feature the play, and several dances are introduced. A girls' sextette, solos by John Alden, Capt. Standish, Pricilla and Elder Brester, together with the chorus of forty, gives a wide variety of vocal talent. Merle Maupin accompanies the music with an opera piano, rented for this special occasion.

The curtain and scenery were obtained from the Auditorium in Connersville. Provisions have been made to heat the coliseum, provided that it is not sufficiently warm, and there is no fear of the cold.

A novel stunt was pulled off today at noon by the high school, which gave a real parade, headed by a brass band—more or less. Banners told of the play tonight, and the students marched in pairs from the Graham building down town and around the court house. A circle was made at Main and Second streets and the band played "A Hot Time in the Old Town Tonight." One of the interesting things about the parade was that it attempted to imitate the real thing, and Harry Schmalzel ended the pageant with a large placard on his back bearing the words "Callopie."

COMMISSION IS AGAIN AT WORK

Begins Study of Conditions in Every Part of Country Preparatory to Making Report

VOCATIONAL EDUCATION

Is One of Subjects That Has Been Widely Investigated at Meeting in Washington

(By United Press.)

Washington, May 1.—After a brief recess the national commission on vocational education settled down again today to a study of conditions in every part of the nation, preparatory to making its report June 1. This report, which may be instrumental in giving Indiana \$400,000 in federal funds for educational purposes, is awaited with interest.

The commission last week completed important hearings on the subject of national grants to aid the states in promoting vocational education. It sought to obtain the opinions of leading national organizations through their officials inasmuch as in this way the concentrated opinions of millions can be obtained on short notice.

Twenty five organizations either appeared through their representatives or filed briefs including organizations of manufacturers, labor representatives, social workers and educators.

The commission is working hard at the job of completing a report embodying the best views of the country before June. The members of the commission are serving without compensation and they are aiming to set a precedent for future commissions to follow by making a report on time and by keeping within the appropriation granted.

The subject of vocational education has been widely investigated and the commission believes that its function is to clarify the vast amount of material already gathered instead of trying to create new additions to them as of such literature. The report will clearly set forth the needs for vocational education and suggest plans by which it may be effective.

ively promoted. Hoke Smith, Senator from Georgia, is chairman of the commission. The member from Indiana is John A. Lapp, director of the bureau of legislative information, Indianapolis.

In its membership the commission combines representatives of many different interests involved in the problem of all whom have had experience in practical applications of vocational education. There are senators, congressmen, legislature experts and social workers, but no school teachers.

HOLDS PLACE ONLY A YEAR

E. M. Gifford Resigns as Superintendent of Milroy Schools.

E. M. Gifford has resigned as superintendent of the Milroy schools. He held the position only one year. In his letter of resignation to J. D. Kinnett, trustee of Anderson township, Superintendent Gifford hints that he has not been working in perfect accord with the school authorities. He writes that some of the things he had hoped to accomplish "in behalf of the school have been impossible because of the lack of adequate support on the part of you as trustee." Mr. Gifford says it is to the best interests of the school as well as his own to resign.

DON'T GROW BALD

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull stringy hair soft, abundant and radiant with life. Equally good for men, women and children—every one needs it.

A large bottle of this delightful hair tonic can be had from F. B. Johnson & Co or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good."—Try it now.

Evening Gowns Not Only Thing Without Even Hint of Sleeve

BY MARGARET MASON
(Written for United Press.)

Fashion says your coat and frock must be sleeveless, what a shock! This will be to Sara Brown, quite the smartest girl in town. For she often I believe

leaping from buttons to button-holes it is interesting to note that even a hint of a sleeve, and even the smartest loose wraps and capes and coats have the habit. Most of the

good old honest-to-goodness normal buttonhole worked in thread has re-turned to its own. Plackets also

appear as they should according to the best placket regulations in the mid-

die of the back of the skirt. Even if there is no seam there, a slit is made for the placket any way so

anxious is it to return to its old home after a wandering life for the last two or three seasons and transitory

settings in the front of the skirt at the side or on the hip.

It is a sad blow to all 1914 Cindereillas that loud pointed rumps are the rage in the slipper line. It seems

rather preserve that Americans should take up the long pointed slip-

per and shoe just when it has been cast aside by the smart Parisian for

the dainty short rumps of the est-

into even more prominence by the

shorter skirts the up-to-date shoe

foot will prove exclusively that it is

shoes rather than brains that make

large understandings.

Appropos of not calling a spade a

spade you must never make the

shocking mistake of calling a separ-

at, its a blouse. What ever is in

a name in this case there isn't much

in a blouse when it comes to materi-

al. Just two layers of chiffon or a

single thickness or rather thinness

of bohemian bismitted around

and around the plain three quarter

slightly flaring sleeves, makes up

some of the choicest new models.

For an ornate touch they rely on a

HATRED IS DO TO OLD GRUDGE

In Days of Diaz Americans Treated Mexicans as Slaves and They Never Have Forgotten

INDIANS THE WORST CLASS

One Governor Sent Uniforms and Ammunition Instead of Soldiers to Stop a Strike

(By William G. Shepherd.)
(U. P. Staff Correspondent.)
Mexico City, May 1.—Do Mexicans hate Americans? They do; millions of them do. And during the past two months in Mexico I have learned why so many Mexican Indians wish to kill or abuse American mine managers and planters. I have heard, first hand, from Americans, more than one terrible story of how

Delicious — and Ready For Use

There is more than convenience — "always-ready-ness" — to commend Golden Sun Coffee—Steel Cut.

It is always clear — free from dust and chaff.

And it makes a clear, smooth-drinking beverage.

Golden Sun Coffee

Steel Cut—is cut to an evenness impossible to obtain in any other way—only the fine, smooth, flavory good of the coffee berry retained.

Cleanly, convenient, economical. Sold in pound tins—and larger.

Whether you prefer to buy your coffee in the bean or ready ground—ask for Golden Sun Coffee. Prepared either way.

And there are five different blends—Karex, Navarre, Briardale, Vienna, Mocha & Java—one for everyone.

they abused their Mexican employees These stories have been told to me in boasting spirit. In the days when Diaz ruled with his iron hand, Americans, as a rule, treated their Mexican workmen as the most cruel of the slave owners of the old South treated their black slaves.

"I've ridden into a bunch of them and mowed them down with a machete as if they were dogs," one American told me. I won't give his name because he has in his possession at this moment letters threatening his life when the rebels enter Mexico City. He is rich and influential and his fortune has been made in Mexico.

"It was the only way to treat them, he said. "Now and then some of them would get drunk on my ranch in Tampico. I found the best way to do was to ride right in amongst them with a big knife and slash right and left, as they scattered. If any showed fight I'd shoot them. Revolver in one hand, and machete in the other. That was the way I used to fix them. We'd have the funeral the next day and peace for a long time after that. I'd have the governor of the state and the mayor of the nearest town on my payroll and I'd report the slaughter to them—it was always a slaughter, too, let me tell you—and they'd always answer that I had done just right. Those were good old days, the Diaz days. The foreigners had plenty of rights then."

"One time I had a quarrying contract on the west coast," another rich American told me recently. "I had about 6,000 very religious Mexican Indians. As soon as I got my camp established an archbishop sent out a priest. He rigged up a church and everytime he rang the bell all my Indians stopped work for a few minutes for devotions. I saw pretty soon that I was losing time by it so I hunted up the archbishop and said to him:

"Look here, I want to come to some terms with you about that bell ringing. If you'll agree to make a schedule which provides for that bell being rung only two or three times a week I'll build you a little church out there in my camp and I'll cut the wages of any Indian who doesn't have his money ready when the church collectors come around."

"The bargain lasted two years until the old priest was called away and a new one came. He was dead honest; I couldn't do a thing with him. He started ringing the bell on the old schedule. I told him about the arrangement I had with the bishop. "I don't care what arrangements you've made with the bishop," he told me. "It's duty to ring the bell every day at the proper times and I'm going to ring it."

"That night I ordered my boss to burn the church. It was done. The old bishop another priest and my foreman ran him off." Since the revolution began in Mexico and the Indians discovered their power, en masse, this man has received hundreds of letters from former workmen threatening his life.

A miner in Guanajuato, who has just returned from Washington where he endeavored to persuade President Wilson that intervention

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

CATARRH VICTIMS

Use Hyomei—You Breathe it

It's the right-to-the-point remedy not only for catarrh, but for head colds, sniffles, bronchitis, laryngitis or croup of children. You breathe it—no stomach dosing.

You will like Hyomei. It not only gives instant and lasting relief, but is entirely harmless, pleasant to use, and economical. Money refunded by F. B. Johnson & Co if you are not benefited.

Hyomei is a combination of antiseptic oils that mixes with the air and quickly reaches the irritated and inflamed membrane of the nose. It's sure and safe healing begins immediately—you feel better at once. If suffering from watery eyes, husky voice, discharge from the nose or that choked-up feeling, try Hyomei now—today. All druggists sell it. Ask for the complete outfit.—\$1.00 size.

(Advertisement.)

in Mexico was necessary, said to me: "I've had to kill Indian workmen who wouldn't obey me. There's no possible way to get along with a Mexican and treat him kindly. You have to beat them like dogs. Any time one of my workmen is suspected of stealing ore, he is brought to me and I start right at him with my fists. I knock him as near senseless as I can and then make him confess."

Another American boasted to me: "I had a strike in my mines one time, in the Diaz days and I asked the governor of the state, who was on my payroll, to send me some soldiers. Instead of that he sent me a lot of uniforms and rifles and ammunition and a commission as a major in the Mexican army. He told me to organize an army of my own, and give it all the orders I pleased. I told some of the strikers they'd have to join the army. I put them in uniform, gave them rifles and bullets and took them to the mine. I ordered them to shoot against the strikers and they did. They killed of their brothers and that ended the strike.

Perhaps, if an "Uncle Tom's Cabin" had been written years ago of Mexican slavery by Americans, the present revolution might have been avoided. The death rate of Americans in the present revolution is undoubtedly due, in a large measure to the grudges of years' standing and to bitter recollections of cruelty and injustice in the minds of Mexican workmen. The more one looks into the matter the more one is convinced that the Belgians in the Congo were not more cruel than many Americans have been in Mexico.

TO GIVE CONCERT AT STATE PRISON

Boy's Band of Muncie Offers Services at Michigan City for Mother's Day Program

ACCEPTED BY AUTHORITIES

(By United Press.)

Michigan City, Ind., May 1.—The Boys' band of Muncie has volunteered to give a concert at the state prison chapel on the second Sunday in May—Mother's Day—for the pleasure of the inmates, and the offer has been accepted by the prison authorities. The band embraces thirty members, their average age being only seven years. Their average weight is seventy-six pounds. It is believed their appearance on Mothers day will be very effective.

The band gives its services free of charge, but Chaplain O. L. Kiplinger may arrange for a down-town concert to help defray its expenses.

Each prisoner will get a carnation on Mothers' day. This year they will be furnished by the employees of the Bemis Bag Company of Indianapolis.

YANKEE REFUGEE LOSES FORTUNE

Dr. E. L. Brown Tells of Being Deprived and of Babe Being Killed by Mexican Soldiers

WIFE SLAPED THE DICTATOR

Huerta Offered Insults When She Protested—Troops Took \$100,000 From Him

(Special to the Daily Republican)
Louisville, Ky., May 1.—Dr. E. L. Brown, of Laredo, Texas, a heavy investor in property in war-torn Mexico, today told a remarkable story of conditions obtaining in the republic to the south.

According to Mr. Brown, who is on his way East on business, his wife was insulted by President Huerta at the national palace when she went there to file complaint. Mrs. Brown responded to the dictator's advances by slapping him full in the face. Dr. Brown says Mexican soldiers afterward shot his eighteen-months-old baby to death as it slept in its mother's arms and that his property in Mexican territory was seized.

In the Isthmus of Tehantepec, partly in the state of Vera Cruz and partly in Oaxaca, Dr. Brown says he purchased 50,000 acres of oil land and 200,000 acres of apparently waste land, on which were some young rubber trees.

The Isthmus of Tehantepec is the narrowest part of Mexico, lying between the Gulf of Mexico and the Pacific Ocean, south and east of Vera Cruz and Mexico City.

At one time Dr. Brown was forced to go to Europe on business. He and his family left their hacienda near Tehantepec, but because Mrs. Brown was seriously ill and unable to make the trip she was left in the care of friends at Vera Cruz, while Dr. Brown and his two young children went abroad. During his absence Dr. Brown says, Mrs. Brown heard reports that rubber trees on their plantation were being destroyed. She went to President Huerta at the palace in the capital, Dr. Brown says, to protest.

While there, Dr. Brown declares, Huerta offered Mrs. Brown a personal insult. She replied by slapping the Dictator in the face. Then she appealed to the American officials for aid.

"They told her," said Dr. Brown, "that she was an English woman and that her marriage to an American made no difference. They could do nothing, they said."

"It was after my return," continued Dr. Brown, "that my youngest child was killed in its mother's arms. "I had heard that some of the

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite.

He says:

"Vinol is just the thing. For summer, winter, fall or spring. Follow directions, take it right. It will save you lagging appetite."

"I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, topped trees, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol, our delicious tonic, which has the strengthening and blood-making power of iron, and the building-up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing. F. B. Johnson & Co., Druggists, Rushville, Ind.

Rushville, Indiana.

banks in Mexico City were unsafe. I had \$110,000 on deposit there. I went there, got the money and because of the trouble and warning from Washington made ready to leave. This was three weeks ago.

"In the patio, or court, of my residence, I was tuning up my machine while my wife and children and their nurse prepared to leave. Some person told the Mexicans that I had withdrawn my money and was preparing to leave. Soon soldiers appeared, broke down the gate and entered the yard. I was working on the automobile and the wife and children were on the piazza.

"Without a word of warning the Mexicans opened fire with their rifles. Little Madelon, who was then 18 months old fell from her mother's arms. She had been killed outright.

"In the pocket of my linen coat on the piazza was my automatic revolver. My wife drew it and returned the Mexican's fire. She killed two of the soldiers.

"But our resistance was of no use. They searched me, took from me the \$100,000 which I had sewed in a flannel shirt, but left me \$250 in Mexican money which was in a belt. They burned an automobile and raided the hacienda, taking everything of value. I wondered that they spared our lives.

"We made our way to Vera Cruz and there were taken aboard a refugee ship. We made our way to Laredo, where my wife and children are now."

Dr. Brown declares he will never go back to Mexico. Mexico has taken everything from him that he had. He has no hope of regaining his property. Even Washington offers him no encouragement, he says. In July his wife will receive another portion of her father's property in England, and then they will go abroad. In the meanwhile he is penniless and in debt, he declares.

RATES ADVANCE.

(By United Press.)

New York, May 1.—The Eastern Steamship Corporation today put into effect its advance rates for first class passengers on all lines west of Boston, according to the plan adopted February 25. The plan included also the discontinuance of second class passage on all such boats. "Increased cost of doing business" was the reason given by Passenger Traffic Manager C. H. Taylor for the increased tariffs.

REPORT EXPECTED TODAY.

(By United Press.)

Washington, May 1.—Congressional probes of the Calumet copper strike today were expected to submit the formal report of their investigations. It was generally believed that the mine owners would be bitterly scored for employing armed guards and for demanding that the miners relinquish their union cards as a price of peace.

PERMANENT PEACE IS NOT EXPECTED

Is Indicated Today by Fact That Administration Asked For \$100,000,000 Army Appropriation.

WANTS IT FOR USE AT ONCE

(By United Press.)

Washington, May 1.—It was authoritatively stated here today that Charge O'Shaughnessy, now at Vera Cruz, expected to return to the United States in the next few days for a conference with President Wilson.

That permanent peace with Mexico is not expected to result from the present mediation was indicated today by the request that the appropriation of \$100,000,000 in the army bill be made immediately available. This request came from the administration.

Representative Fitzgerald, chairman of the House appropriation committee, and Representative Ray, chairman of the House military affairs committee conferred with the President today concerning the army appropriation bill. Representative Fitzgerald said:

"The president, Mr. Hay and myself are in complete accord on this question. There is no immediate necessity but the emergency demanding it might come at a moment's notice. Consequently we have agreed to put the resolution on the calendar and if the emergency comes and the army needs its millions, the authority would be conferred upon in without any delay whatever. The same conditions will prevail so far as the naval appropriations are concerned."

45,000 MINERS TO STRIKE.

(By United Press.)

Columbus, O., May 1.—At the headquarters of the United Mine Workers it was stated today that 45,000 coal miners will go on strike Monday because of the refusal of operators to meet their demands for pay on a basis of run of mine.

TO NAME PLACE.

(By United Press.)

Michigan City, Ind., May 1.—The Indiana Society of Chicago is expected to decide soon whether it will hold its annual frolic here or in Valparaiso. A committee has visited both cities to ascertain their relative advantages for a picnic such as the fastidious exiles desire.

"ON TO TAMPICO."

(By United Press.)

El Paso, Texas, May 1.—"On to Tampico" is now the slogan of the Rebels. They must have a seaport. Villa and Carranza met in conference today and it was learned that Tampico is there objective point.

DEMONSTRATION IS AGAINST JONH D. JR.

Industrial Workers of World Parade Streets of New York Today and Carry Suggestive Banner.

YOUNG ROCKEFELLER IS ILL

(By United Press.)

New York, May 1.—With John D. Rockefeller, Jr., ill at his home at Terrytown as a result of the demonstration of protest directed against him because of his refusal to consent to arbitration in the Colorado labor war, the May day celebration here today was directed chiefly against the millionaire king. More than 300 Industrial Workers of the World, led by "Sweet Marie" Gangs, who again said she would shoot down Rockefeller "like a dog" and other leaders gathered in Mulberry bend and from there marched to Union Square. In the procession to Union Square a giant black banner was carried. In white on the banner was a huge skull, a cross bone and the printed words, "26 Broadway."

NEW RATES EFFECTIVE

(By United Press.)

Washington, May 1.—Many commodity rates lower than existing ones went into effect upon the Interstate Commerce Commission's order, today, between Chicago, Mississippi and Missouri river points to Denver and Colorado common points.

NEW INSTITUTE.

(By United Press.)

Pittsburgh, May 1.—Work was begun today on the buildings of the new Hebrew Institute of Pittsburgh, on a recently acquired plot in Yylie Avenue, near Green street. About \$40,000 was subscribed for the institute, which, at its opening will have classroom accommodations for about 600 pupils.

TRUST WORK MAY START.

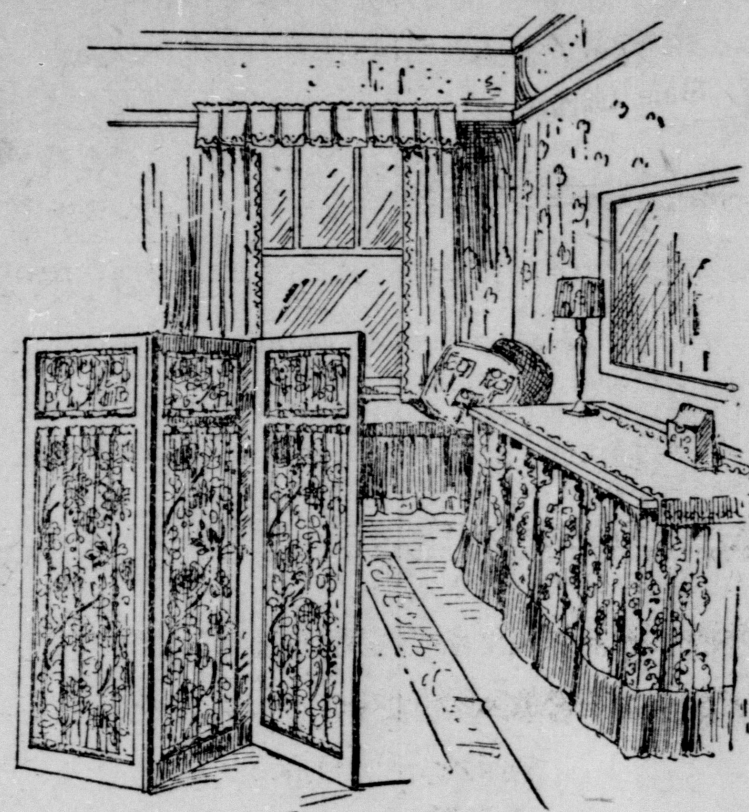

(By United Press.)

Washington, May 1.—Trust program leaders expected today to observe May Day by launching in the House their trust bills. This program will consume weeks, according to present indications, and with the accumulation of other business, delay adjournment until August 15 or September 1.

NEW YORK SOCIAL WORKERS.

(By United Press.)

Pittsburgh, May 1.—Miss Beulah E. Kennard, whose resignation from the Pittsburgh Board of Public Education became effective last night, was prepared today to go to New York, where she will engage in sociological work among store girls.

Rooms may be artistically and inexpensively furnished by using

COLONIAL Drapery Fabrics

for the screens, window curtains, pillows, dresser covers, utility boxes, lamp or candle shades and other useful articles. The same design may be used throughout, although varied, if desired, in materials suitable for each purpose.

CASHES A CHECK ON MANILLA BANK

Jesse Kanaday, Employed on Road
Near Homer, Passes Bogus Paper
in Shelbyville, Thursday.

HE IS HELD IN JAIL THERE

Police Learn he Passed Good Check
on Rush County Contractor Be-
fore Cashing Bad Paper.

Jesse Kanaday, who has been working for Lon Phillips, contractor building a road near Homer, Walker township, yesterday passed a bogus check on the Manilla bank with the signature of Phillips attached, in a Shelbyville saloon and late in the afternoon was placed under arrest pending an investigation by the police.

Kanaday, who is twenty-seven years old, and who says his home is in Ridge Farm, Ill., is a railroad fireman, and holds a pass on the road on which he worked, but recently he has been in the employ of Phillips.

It is Phillips' unauthorized signature that appears to the check for ten dollars and fifty cents which the prisoner cashed at the saloon.

Kanaday has been seen about Shelbyville since the first of the week, but Phillips informed the officers in a telephone conversation, subsequent to the arrest of the man, that he called on him in Rush county Wednesday and received a check for his services, eight dollars and sixty-two cents being the amount. This check, on the Manilla bank, is thought to have been cashed there the same day it was issued, although this is not yet known definitely.

The check for \$10.50 Phillips denies having issued. It is also on the Manilla bank and is now in a Shelbyville bank, having been deposited before the matter of the supposed forgery had been discovered.

Will Schoeleh noticed Kanaday while he was in the Val Schoeleh saloon Thursday afternoon, writing out a check, and when it was learned that the fellow cashed a check later at the Gray saloon it was suspected that it was forgery and the proprietor was notified. The police found Kanaday almost immediately and took him before his accusers. He had in his pockets nine dollars which he returned to Mr. Gray.

Mr. Phillips has notified the Manilla bank to be on the look-out for the check and the same matter was to have been taken up with the Shelbyville bank to which it was turned over Thursday.

WILL TEST OUT FIRE BELL

Alarm Will be Sounded From 143
Tomorrow Morning.

An alarm will be sounded tomorrow morning between seven and seven-thirty o'clock from box 143, corner of Main and Eleventh streets. The purpose is to test out the box and when the fire bell rings there is no need to worry as it will simply be a practice run. The box has been installed for some time but an alarm has never been sounded from it and Chief Easley is anxious to see if the box is in working order. The firemen need not answer the alarm. The new fire team will be given a chance to show that it can do as the team will answer the call.

German manufacturers of velvet have combined in abuge syndicate.

A DOZEN ARE GRADUATED

Annual Commencement Exercises of
Milroy High School Held.

A large crowd attended the annual commencement exercises of the Milroy high school in the school house auditorium at Milroy last night. The class address was made by Dr. E. H. Lindley of Bloomington, professor of philosophy in Indiana university. This is the first class to graduate from the new school building which was described last winter. There were six boys and six girls in the class. Wagoner's orchestra of this city furnished the music.

BOY INTENDED NO HARM BY SHOOTING

However Garrett Ricketts of Near
New Salem Pleads Guilty to
Carrying Concealed Weapons.

INDICTED BY GRAND JURY

Garrett Ricketts, of near New Salem, son of John Ricketts, pleaded guilty to the charge of carrying concealed weapons this morning before Judge Megee and was fined five dollars and costs, which was paid. Young Ricketts was indicted by the grand jury. Prosecutor Smith recommended a fine of one dollar, but Judge Megee held that under the law the minimum fine was five dollars. This was the first arrest on the indictments returned this week by the grand jury.

According to the boy's father Garrett was out hunting with the revolver and because he discharged it several people registered a complaint. According to his statement, the boy was guilty in the sense of the law, but intended no harm. The fine of five dollars and costs amounted to \$15.75.

TO GRANT MOTION FOR A NEW JUDGE

Judge Megee Will Appoint One to
Hear \$7,000 Note Suit Against
Moses and Mary Vandembark.

A CHANGE IN OTHER CASES

A change of judge was asked this morning by William Turner, plaintiff in the \$7,000 note suit against Moses and Mary Vandembark. Judge Megee will grant the change and it is understood that the parties are trying to agree on who shall try the case. The case is set for trial May 11, and the change of judge will in no way effect this as the issues are closed. Last week a motion for a change of venue from the county was denied by Judge Megee on the grounds that the plaintiff had already had one change, bringing the case here from Henry county.

A change of venue was granted in the account suit of the Cherokee Fuel company against John J. Conaway, Bert Leisure, Samuel Shephard, W. Pery Reddick and Joseph S. Oglesby. The motion for a change was filed by the defendant Conaway. The case was sent to Decatur and five days given in which to perfect the change. The sum of \$224.43 is demanded in this suit. The case of Edward A. Norris against the same parties was also sent to Decatur county. Norris demands \$725.

LABOR BUREAU TO ASSIST ALL

Secretary of Chamber of Commerce
Explains What Committee on
Employment Proposes to Do.

BULLETIN BOARD TO BE USED

Names of Persons Seeking Work or
Employees Will be Posted or
Held Confidential if Desired.

L. B. Smelser, secretary of the Chamber of Commerce, today issued the following statement concerning the labor bureau to be established: To all employers of labor, and all citizens of Rush county:

The Chamber of Commerce, through the committee on employment, has established a clearing house for labor. All employers of labor, whether factories, contractors, business men, house-keepers, or farmers, and all citizens of both sexes, are invited to make use of this bureau in getting in touch with each other for the purpose of employment.

The bureau wishes you to write, telephone 3369, or bring the statement of your needs, and it will give every assistance possible in bringing about results.

The method is as follows: the names of such employers or persons seeking employment will be kept in the office of the Chamber of Commerce, and unless it is desired to keep such names confidential, will be posted on a bulletin board for public inspection. Any inquiries will be answered promptly and freely.

The Chamber of Commerce cannot, of course, be responsible for the success of any person employed, nor guarantee any position, but the Secretary will use his best judgement in directing such employers and employees to each other, and try to fill a need that Rushville has felt in the past.

Such notices will be directed to the Secretary, phone 3369, or to Will Abercrombie at Abercrombie Bros. jewelry store, chairman of the committee on employment.

Many employers in the past have had difficulty in securing help on short notice, and many worthy persons have lacked work that was waiting for them could they but know it, and it is to benefit all that this department is organized. State and city governments have undertaken similar work, and have met with success. The fact that this service is free should make its use general by the men and women, and even by pupils of the public schools who need summer work. There is plenty of work to be had in Rush county; all that is needed is a simple way of securing information, without embarrassment.

UNITE ALL TO HIS SUPPORT

That is Aim of Huerta Who Released
All Political Prisoners.

(By United Press.)

Vera Cruz, May 1.—In a desperate attempt to unite all political factions to his support and organize them to resist the United States, Dictator Huerta has released all political prisoners in Mexico City, according to dispatches received here today. The released men include several congressmen. The report said Huerta addressed them as follows: "We are now brothers, facing a common enemy, the American invaders."

CONTRACTS FOR ONLY SIXTY DAYS

Council Instructs City Treasurer to
Accept Water Rentals For Two
Months in Advance.

RATE MAY BE RAISED ANY TIME

Besides, Meters Will be Installed as
Fast Possible—Stone and
Gravel Bids Postponed.

Starting today City Treasurer J. P. Stech will make sixty-day contracts with water consumers now on a flat rate. This was the instructions of the city council, which met last night in special session.

Water rentals where the consumer is on a flat rate are payable in advance, the year starting May 1. Instead of taking the money for the year, City Treasurer Stech will collect for only sixty days in advance. This new ruling was made because the city plans to raise the water rates and it is estimated that it will require two months to get it through the public service commission.

To raise the rates it is necessary to go before the commission and as the rentals are now due the city does not wish to make contracts for the entire year. Another reason for the two months' contracts is that the city hopes to have meters installed all over the city by the time the new rates become effective. If, at the expiration of two months, the new rate is not effective, then the city treasurer will make contracts for another two months.

The contracts for sixty days does not in any way effect the meters that are now in use. The meters are read every three months. The city treasurer has had any number of people who desired to pay their water bills, but has refused to accept any money until the council instructed him what to do, and he started this morning to collect on the sixty-day basis.

The real purpose of the special meeting was to receive bids of gravel and crushed stone. Two bids on the stone were received and one on the gravel. The bids were continued until the regular meeting next Tuesday night. The bids were on 10 cars of gravel and 10 cars of stone.

MINE STRIKERS WILL NOT DISARM

Refuse to Lay Down Guns in Colorado
Coal District Unless Mine
Guards do Likewise.

THE ARMY OFFICERS CONFER

(By United Press.)

Trinidad, Colo., May 1.—Flat refusal of the mine strikers in the Trinidad coal district to surrender their arms to United States troops was met today by Major Holbrook, when William Diamond and John Brown, representatives of the strikers, met the army officers in conference at the hotel here.

Before meeting Holbrook the labor leaders said unless the "Rockefeller mine guards" agreed to disarm, they as officers of the union, would refuse to advise the men to give up their arms, but would leave it to them to act in any way they wished as individuals.

After the conference, the leaders said they believed Holbrook would disarm both.

POSTMASTERS NOMINATED

Connersville and Richmond Appoint-
ments in Bunch Today.

(By United Press.)
Washington, May 1.—President Wilson this afternoon nominated the following Indiana postmasters:

At Warsaw, Lucius G. Wann; at Richmond, Charles B. Beck; at Martinsville, Lewis Sartor; at Liberty, Albert T. Seiring; at Connersville, Simon Doenges; at Logansport, George B. Davis.

BELIEVE FROST DID NO DAMAGE

Growers Here Feel That Fruit is Too
Far Advanced to Show Effects
of Cold Last Night.

WARMS UP A LITTLE TODAY

(By United Press.)

Indianapolis, Ind., May 1.—Some damage was done to fruit beds all over the state by the frosts last night. Reports received by the weather bureau here were that heavy frosts had appeared in northern and central Indiana. Weather experts said time alone would determine the extent of damage done.

Opinions vary as to whether the frost of last night, which was general all over Indiana, damaged the crops to any extent. The predominance of opinion here seems to be that the great majority of the fruit is so far advanced that the frost did very little damage, if any at all. Most all of the fruit trees, with the exception of the apple, are in full bloom and most local growers believe that they are beyond damage by a frost just as the one which fell last night.

The temperature last night was very near freezing, but it was not low enough to damage any of the fruit, it is believed. The atmosphere was chilled all day today, but the mercury rose gradually during the morning and showed symptoms of getting back to normal temperature. The average temperature at noon was sixty degrees. Fair skies are predicted for tomorrow.

RUMOR OF DEAL TO BUY STAR LEAGUE

Efforts to Verify Report Crawford
Fairbanks Wants to Buy Three
Indiana Newspapers Unverified.

HE AND OWNER IN CHICAGO

(By United Press.)

Indianapolis, Ind., May 1.—An attempt to verify a report in Terre Haute that Crawford Fairbanks had bought the Star League of newspapers, failed for John Schaffer, the owner, and Ernest Bross, his Indianapolis managing-editor, are in Chicago. It is understood that Crawford Fairbanks is there and that he has spent much of his time there the last three weeks. Fairbanks is a millionaire brewer and Democratic politician of Terre Haute. The Star League of newspapers consists of the Terre Haute Star, the Muncie Star and the Indianapolis Star. They are all avowedly Progressive newspapers now.

ONLY RAIN SAVES AMERICAN LIVES

William G. Shepherd, U. P. Staff Cor-
respondent, Relates First Story
of Eventful Day in Mexico.

AMERICANS HID IN COACHES

Mobs Ran Wild in Mexican Capital
When News of Capture of Vera
Cruz Reached There.

WILLIAM G. SHEPHERD.
(U. P. Staff Correspondent.)
(Copyright April 24 by the United Press)

Vera Cruz, April 24 (By mail to New York)—The news of the landing of marines came to Americans in Mexico City like a crash of thunder from a clear sky. For three days Americans had been fleeing from the city on nightly trains from Vera Cruz, departing amid the jeers of the Mexican crowd upon the platform of the Buena Vista station.

Huerta had been maintaining the strictest order in the city, prohibiting the formation of crowds and declining permission to the newspapers to print the fact that Mexico had refused to salute the American flag.

Americans had felt perfectly safe and had gone about the streets as usual, meeting only ugly looks and grim remarks.

Tuesday morning (April 21) at 10 o'clock a man at the American Club received a code message from Vera Cruz, saying that Admiral Fletcher intended to land marines at Vera Cruz at noon. The word went like wild fire in the American colony. Men telephoned to their homes telling their wives and children to stay in doors until the men could reach them. The code message was soon verified by news which came over railroad wires. By noon there was a large crowd of men at the cable and railroad telegraph offices, waiting for what news they could get of the landing. I was at the cable office.

As soon as the news was confirmed I filed a simple code message reading: "Films forwarded in Vera Cruz," which is our private code meaning "American troops have entered at Vera Cruz." This was followed by a second code message. I did not know that these messages had reached New York until I arrived at Vera Cruz today. They were Continued on Page 3.

The Queen of the May

The celebrations of today bring to mind the fact that Spring is here in all her glory and that summer is just over the border-line.

To the practical minded comes the thought of many purchases to be made. Wardrobes are to be replenished and summer homes fitted up. No time now for delay—choice must be made at once.

What a splendid friend the advertising columns of a live newspaper like the Daily Republican prove at a time like this.

They are full to overflowing with helpful suggestions. The advertisers are men deserving of confidence. They make their appeals in tune with the season.

Let the message guide you to a safe and speedy solution of your May time shopping perplexities.

Why Not Pay More? For Sherwin-Williams Paint Than For Some Others

- REASON No. 1—Because there is 20% more pigment in a gallon can and pigment costs more than oil.
- REASON No. 2—Because the formula is on the can; you get just what you pay for—an honest paint.
- REASON No. 3—There is no coal oil or cheap mineral oil in it.
- REASON No. 4—It has stood the test for 60 years and more calls than any 3 mixed paint on the market.

Why, there must be a reason. Come in, let us talk paint to you.

NYAL DRUGGIST
Prompt Attention Given to Parcel Post Orders.

We Have Noticed that a FLEA is In a Class by Himself

when it comes to getting results—no matter how big his territory he covers it and after he covers his territory you know he has been there. The only difference between the territory we work in the buggy business and the territory the flea works in is we leave everybody in a satisfied frame of mind and we reckon the flea doesn't. There are lots of fellows selling buggies, however, that are like the flea. They jump over lots of territory, get a bite here and there and don't care whether you are satisfied or not, but we do want your business all the time and that is the reason we make our buggy guarantee as good as old line-life insurance. We tell you what to expect from a buggy we sell you and then see that you get it. That is the way we are going to keep what we have and build more. We want you in on this proposition and extend you an invitation to call on us for your vehicle needs.

SELLS CHEAP ELECTRICITY

Cleveland Begins Project Which Will Force Price Down.

(By United Press.)
Cleveland, May 1.—The city of Cleveland—home of three-cent street car fares, and other progressive municipal advantages—today began furnishing its "customers," residents of Cleveland, with electricity at three cents the kilowatt hour. The regular price charged by corporations is ten cent. At the start 40,000 "customers" can be supplied. Two big municipal electric-making plants turned their wheels today for the first time. Backers of the project are confident it will mean private corporations must be forced down to the same price. The making of electricity for sale at its residents is no new thing to Progressive Cleveland. For several years enough electricity has been made to supply 4,000 people. Eventually, city officials declared today, Cleveland will furnish electricity for every home in the city unless private corporations come down to Cleveland's three-cent charge.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

With The Churches

—Preaching services at the Glenwood United Presbyterian church every Sabbath at 2:15 o'clock in the afternoon by Rev. A. W. Jamieson. D. D. Sabbath school at 1:15 p. m.

—Regular services at St. Mary's Catholic church, conducted by the Rev. M. W. Lyons. Masses at 8:00 and 10:00 a. m. Sunday school, 2:30 p. m. and Vespers at 3:00 p. m.

—There will be preaching every Sunday at the Glenwood M. E. church. Morning service at 10:30 o'clock, evening services at 7 o'clock and Sunday school at 9:30 o'clock.

—Preaching services will be held at Sexton every second and fourth Sunday of each month. Services are held at 10:30 in the morning and at 7:30 in the evening. The Rev. Mr. Benson is the pastor.

—"The Beginning of Jerusalem" will be the topic for the morning at the Main Street Christian church Sunday at 10:30. The evening sermon at 7:30 will be on the "Life and Destiny." Sunday school will be held at 9:15. Special music will be given at all services.

—The Rev. W. W. Lineberry will preach both morning and evening at the New Salem Methodist Protestant church. The subject of the morning is "Jacob and Esau" and in the evening "The Lost Boy." Sunday school at 10 a. m.; preaching at 11 a. m., Christian Endeavor at 6:30 p. m. and preaching at 7:30 p. m.

—The Rev. A. W. Jamieson will preach on the subject "The Hand to the Plow" at the morning service at the United Presbyterian church, Sabbath school and other services at the usual hours with the exception of the evening service. There will be no preaching in the evening as the pastor will deliver the baccalaureate sermon to the Union township school graduating class at Glenwood.

—Regular services at the First Baptist church Sunday. "Unity and the Lord's Supper" is the subject of the morning sermon by the pastor, the Rev. S. G. Huntington. The regular communion will be held at this service. The evening sermon is on the subject "Self Deception." Bible school at 9:30 a. m.

—"A Spiritual Lesson From Natural Laws" is the topic of the Rev. J. B. Meacham's sermon Sunday morning at the First Presbyterian church. In the evening he will preach on the subject "The Man With a Withered Hand." Other services at the usual hours.

—Special services will be held at the Little Flatrock Christian church next Sunday morning. The offering for home missions will be the occasion for a short demonstration of the moral and spiritual needs of America. Christian Endeavor will be held at 7 p. m., after which the evening sermon will be preached. The public is cordially invited. Moody Edwards is pastor.

A Warning to Many

Some Interesting Facts About Kidney Trouble.

Few people realize to what extent their health depends upon the condition of the kidneys. The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot readily be brought back to health and strength.

When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1912, in the state of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The mild and healing influence of this preparation, in most cases, is soon realized, according to sworn statements and verified testimony of those who have used the remedy.

If you feel that your kidneys require attention and wish a sample bottle, write to Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper, enclose ten cents and they will gladly forward it to you by Parcel Post.

Swamp-Root is sold by every druggist in bottles of two sizes—50c and \$1.00. (Advertisement.)

Value of RHEUMA From the Court

Judge Barhorst Was Relieved of Rheumatism After Doctors Failed.

If you have tried many other remedies and doctors' treatments for Rheumatism and found they failed, do not be skeptical about trying RHEUMA. Read the testimony of Judge John Barhorst of Fort Laramie, O.:

"After treatment by three doctors without result, I have been cured of a very bad case of Rheumatism by using two bottles of RHEUMA. It is now two years since I used the remedy, and I am still as well as ever. Previously, I was a cripple, walking with crutches."

Such testimony should be convincing. 50 cents of F. B. Johnson & Co guaranteed. (Advertisement.)

PEARL SINDELAR.

PEARL SINDELAR is one of the movie actresses often seen on screen plays. Perhaps you may remember seeing her or if not will watch for her.

"His Sweetheart's Child" is a pathetic drama containing some beautiful scenes of rural France. Adrienne marries Phillip, a city chap, rejecting her childhood sweetheart, Peter. She goes to the city with Phillip, and in a few years she returns with her little girl, broken hearted. Later she dies. Fifteen years later Phillip wants to take his child to the city to give her an education, but he is prevented from doing this by the child's grandfather and Peter. Phillip goes away, and Peter marries his sweetheart's child.

"The Mansion of Sbs" is a drama with an old plot, laid in the early nineteenth century. The costumes and scenes add to it greatly. An old scientist neglects his wife for his studies, while she engages in a harmless flirtation with a young lawyer.

Personal Points

—Miss Lois Ballinger of Milroy was in this city today.

—Ed Caldwell transacted business today in Greensburg.

—Miss Ida Dixon was in Indianapolis today on business.

—Mrs. Harry Kramer was an Indianapolis passenger this morning.

—A. L. Stewart transacted business this morning in Indianapolis.

—Mrs. Maude L. Wolcott and her mother went to Indianapolis today.

—Miss Minnie Hardin went to Carthage this morning for a short visit.

—Arthur McGinnis left this morning on a business trip to Fort Wayne.

—Ed Hill of Carthage was a business visitor in this city this morning.

—Mrs. O. M. Dale and Mrs. Will E. Havens spent the day in Indianapolis.

—Mrs. Hettie Lewallen of Fallmouth was a shopper in this city today.

—H. L. Smith of Indianapolis transacted business in this city today.

—Ben Walker of Carthage transacted business in this city this morning.

—J. H. Porter went to Carthage this morning for a short business trip.

—Mr. and Mrs. Ed Shields returned this morning from a visit in Carthage.

—F. B. Southworth of Lafayette was the guest of friends in this city today.

—F. C. Foster of Toledo was among the out-of-town visitors here today.

—Mrs. Bessie Sheppard spent the day in Indianapolis the guest of friends.

—Mrs. Blaine Colley of Connersville was a shopper in this city this morning.

—Mr. and Mrs. C. G. Hill of Carthage were visitors in this city this morning.

—W. M. Sparks has returned from Greenfield, where he transacted legal business.

—Mr. and Mrs. Harry Wyatt returned last night from a wedding trip to St. Louis, Mo.

—Mr. and Mrs. Ed Muir and son Frank, were among the passengers to Indianapolis this morning.

—Mrs. J. C. Sexton and Mrs. W. A. Cullen were among the passengers this morning to Indianapolis.

—William Newbold went to Williamstown this morning to visit his mother, Mrs. Jane Ambern.

SCENE FROM "THE BOLTED DOOR."

Harry Stafford, magazine writer, physician and for several years a prominent actor on the legitimate stage, is the author of a three reel comedy-drama adapted from the novel of the same name, "The Bolted Door," by George Gibbs. This novel was one of the best sellers of 1913 and was chosen from a score or more of books as having the most adaptable and suitable story for J. Warren Kerrigan, a photo play star.

A six reel production of Richard Henry Savage's novel "My Official Wife" has been finished. This novel of Russian nihilist life was once a dramatic vehicle for Robert Hilliard.

"Lucille Love, the Girl of Mystery."—This de luxe production is sure to be a success. From the very outset it scents of excitement and mystery. Two reels are to be produced every week for fifteen weeks. As is always the case in pictures that are "to be continued," the last reel ends at an exciting moment, which is sure to cause the public to return for the next installment.

"The Colonel's Orderly," an excellent drama containing some very good scenes. Burton commits a robbery in the colonel's house and blames it on Berger, who is arrested. He escapes, is shot and confesses.

Local News

The International Text Book company has filed an account suit against S. D. Cecil, demanding \$68.

The funeral services of Pleasant A. Davis were conducted this afternoon in the Orange Christian church and burial took place in the Orange cemetery.

The funeral services of Mrs. Mary Dudgeon were conducted this morning at the late residence in West Third street by the Rev. A. W. Jamieson. Burial took place in the McCarty cemetery.

According to the Connersville Examiner a marriage license was issued yesterday to George Schrader, a well known motorman on the I. & C., and Miss Effie Riggs, daughter of Mr. and Mrs. Francis Riggs, living east of Connersville.

The damage suit of William Blake, mon, colored, against Marion McCann, for \$10,000 damages, has been called for trial in the Bartholomew circuit court at Columbus next Monday. It was sent from the Rush circuit court on a change of venue. The case was tried at Columbus last term of court, but the jury disagreed.

—Mr. and Mrs. John B. McCarty and Mr. and Mrs. P. A. Newhouse attended the funeral of Pleasant A. Davis in Orange today.

—Miss Edith Swallow returned this morning from a short visit in Milroy, where she attended the commencement exercises, held there last night.

—Mr. and Mrs. Harry Mahin and children of Glenwood were in this city this morning on their way to Milroy, where they will visit with friends and relatives.

—Mrs. Manuel Dishinger and children, Bessie, Bertie and Elizabeth, returned this morning to their home in Westport, after spending a few days here the guest of Mr. and Mrs. Carl Dishinger.

SOCIETY NEWS

Yesterday members of the Thimble club and other Rushville women enjoyed the hospitality of Mrs. John Dittmars and Mrs. Will Dittmars, formerly Etta and Minnie Graham of this city, daughters of the late David Graham. Some of the guests went from here by interurban and others in automobiles. They were entertained at the home of Mrs. John Dittmars, a mile from Franklin, and had supper at the home of Mrs. Will Dittmars, two miles from Franklin. The Rushville women went on an automobile ride through Johnson county during the afternoon. The two Dittmars home are beautiful country residences and have every modern convenience and equipment. Mrs. Alvan Moor and Mrs. Ab Denning remained there and Mr. Moor and Mr. Denning will join them for the week end.

Amusements

The Portola will show a Kalem drama "Indian Fate" for the first picture tonight. It is said to be a thrilling western drama. The second is a Vitagraph drama "His Little Page." Norma Talmage and Leo Delaney are featured. The last picture is a Selig drama entitled "Through the Centuries." Tomorrow night a two reel Vitagraph drama "Iron and Steel" will be shown.

The Gem will show a two reel Imp drama "The Touch of a Child" for the first picture of the program this evening. King Baggott is featured and it is said to tell a story of deep heart interest. One of the thrilling scenes of the play is a sword duel between Baggott and a Frenchman. The other is a comedy "The Rival Dentists." Tomorrow matinee and night the three reel 101 Bison "Captain Jenny S. A." will be shown.

"The House of Fear" is the title of the first picture at the Princess tonight. It is a two reel Lubin feature and tells a powerful story of dramatic situations and beautiful scenes. The other is a Biograph comedy "Skelly and the Turkey." Norma Talmage and Leo Delaney will be seen tomorrow in "Sawdust and Salome."

ONLY RAIN SAVES AMERICAN LIVES

Continued from Page 1.

filled while the excitement at the cable offices was at its height.

"They've landed," the operator at the Vera Cruz end told us. "They're firing on the city." Ten minutes later he wired: "The American marines have rushed through the office here and are going on the roof. There is fighting all around here. Everybody has gone out but me and if it gets any hotter I'm going too." A minute later the cable was dead.

At the railroad office much the same thing happened. Joe Daniels at the Vera Cruz end of the wire stayed at his post as long as possible telling the Americans marooned in Mexico City what was happening. He wound up by saying "I can't stay in the office."—He didn't even have time to add the letter "e" to the last word.

"What will I do with my family?" every man asked the other. They were agast. The embassy was bombarded. O'Shaughnessy was astonished. He had received no word of the landing of the marines. The curb of the embassy was lined with automobiles and coaches and the offices were filled with drawn faced men.

"I can't tell you a thing," said O'Shaughnessy.

The men, therefore, freed O'Shaughnessy of blame. Admiral Fletcher and the officials at Washington were roundly cursed for not having given the Americans warning. It wasn't terror that seized the Americans, but alarm was widespread.

"What will the Americans do when they hear of it?" was the general question. The answer soon came. By 2 o'clock extra editions were on the streets. One paper tried to make it easy for the Americans by saying that Americans in the capital deplored the Vera Cruz affair. Another said: "Yankees take Mexican blood. Even the little children of this capital will rise against them." By three o'clock there were marching, singing crowds in the street yelling: "Death to the Yankees."

It rained all day—an extraordinary thing in Mexico City—and Americans took shelter in "coaches"—the typical Mexican carriage—and hid under the rubber tarpauline. A day of sunshine might have meant bloodshed.

The train which left for Vera Cruz at 8:10 Tuesday evening was jammed to the guards with Americans. Even sick persons had been placed aboard. This train never reached Vera Cruz. It got within 14 miles of that city and was turned back returning to Mexico City with its load of Americans 36 hours later.

The mobs on Tuesday afternoon attacked the hotel Porter and American place, the American club and the American consulate, smashing windows with stones and yelling for Yankee blood. Guests of the American hotels were forced out, without getting their belongings. The American Club was abandoned. Americans took shelter in private houses. As night fell, the crowds became more

violent.

Policemen were sent to the embassy to guard it, but in the center of the town they made no effort to stop rioting. It was a member of Huerta's house of deputies who led a crowd at one o'clock in the morning to the American Club to batter the doors for admission. Later he led this same crowd to Fiskes' American jewelry store and amid the firing of their revolvers, they looted the place of \$10,000 worth of jewelry while the law-maker looked on.

Scores of American men gathered in the basement of the embassy that night and prepared 275 rifles and

machine guns which Huerta had permitted O'Shaughnessy to receive a week before. A jeering, hooting crowd of Mexicans gathered in front.

"The Japanese will help us," was one of their cries. The Americans loaded their rifles but the police dispersed the mob, which moved on.

O'Shaughnessy in the meantime was trying to cable Washington but he could receive no answer. This was explained when an officer of the cable company confided to me that the Mexican army had seized the land wires of the cable which runs to Vera Cruz.

THE GEM

KING BAGGOTT in "THE TOUCH OF A CHILD"

The story is one of deep heart-interest. Some of the play is a sword duel between Mr. Baggott and a Frenchman. An European gambling house and scenes in Paris makes this picture very interesting.

Villa And Pictures.

Today's dispatches say that General Villa, Mexican Rebel Chief, has halted his attack on Saltillo until the moving picture men can locate in a position of advantage so as to record the approaching battle between the Constitutionalists and Federals. It is hinted, dispatches say, that Villa has an interest in the motion picture business. It would seem to us that hint is a rather mild term in this instance. The general who would hold up a "battle" when everything in readiness for the attack would naturally have some pecuniary interest in the cause for aforesaid "holding up." It is doubtful if there is a case on record in any "war" where a battle in a crucial point in a campaign was delayed so the motion picture operators could get located. But to a person on the outside looking in, the present revolution in Mexico is more of a personal affair than one founded on any deep-set conviction that the wrongs of a people should be righted.

Although no actual statement has come from Villa, it is reported by his officers that he will never consent to the armistice asked by the A. B. C. mediators. But who's going to blame Villa for that? He would lose all the "royalties" from the motion picture concerns if he forsook the campaign just now and did not stage the battle at Saltillo per agreement. Of course, the "business men" of the present administration will hold no malice against Villa if he acts as it is reported he will, because the loss of the "gate receipts" would mean something to a movement that is existing in loot and ransom money. And besides, what's the matter of a few lives when the proceeds from a battle for the "movies" is concerned?

Editorialettes

The complexity of the baseball situation, muddles our cranium. It was bad enough with the American League, the National League and the American Association, but now the Federal League rings in. Hereafter we expect to confine our attention to the Arlington Red Sox and the Rushville Arcadians.

There is only one real good and successful way to dodge the spring fever; die some time along during the winter.

There is a man in Frankfort town who will pay a reward if two lost Praise dogs are returned unharmed. Yes, it takes all sorts of people.

Well, girls you may as well lower your darts a trifle, now that Vincent is married.

Everything seems to be divided about equally anyway, so who's to

complain! The rich drive the automobiles and the poor dodge 'em.

Imagine, if you can, all of the dreamland garden that never blooms!

We Have With Us

The girl who creaks the porch swing every night from eight to eleven.

And to think of it! Only a few weeks ago we were all agitated about those decent Udder people who could not see the King's way of doing things. For all we know, by this time George may have led the army into Ireland and subdued the whole bunch. That all goes to show what even a miserable old whelp like Huerta can do.

Tra La, see you at the war.

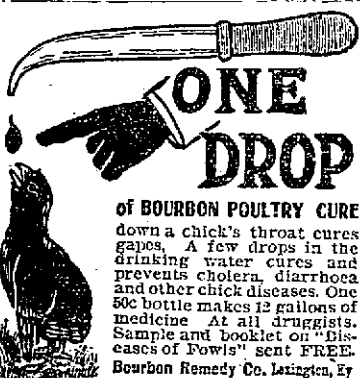

What Our Neighbors Are Talking About

(Muncie Press)

Same Old Gas

The Democratic leaders have concluded that the race for the senate lies between Senator B. F. Shively, their nominee, and Beveridge.—Indianapolis Star.

If the democratic leaders believed anything of the kind they would be doing nothing to advertise their thoughts on the subject. Their game is, of course, to encourage the man upon whom they depend to attract enough votes away from the republican senatorial nominee to make the success of Senator Shively possible. Before very long they will be printing "straw polls" showing Beveridge running neck and neck to Shively, in the hope that they may induce republicans to vote for Shively to beat Beveridge." This old gag will not work this year, with the tremendous drift republicanward that is now apparent. The democratic leaders know whom they have to fear this year, and this accounts for their frantic effort to make it appear that they are not in immediate danger of a thumping at the hands of their old time adversaries in this stage. At the same time they are unable to name a man who voted the republican ticket in 1912 who is not standing by the party this year, while it would be no trouble to compile a list of thousands of 1912 democrats and progressives in Indiana who are proclaiming publicly their allegiance to the republican cause in 1914.

Nation Proud of Its Marines; They Are the First to Land

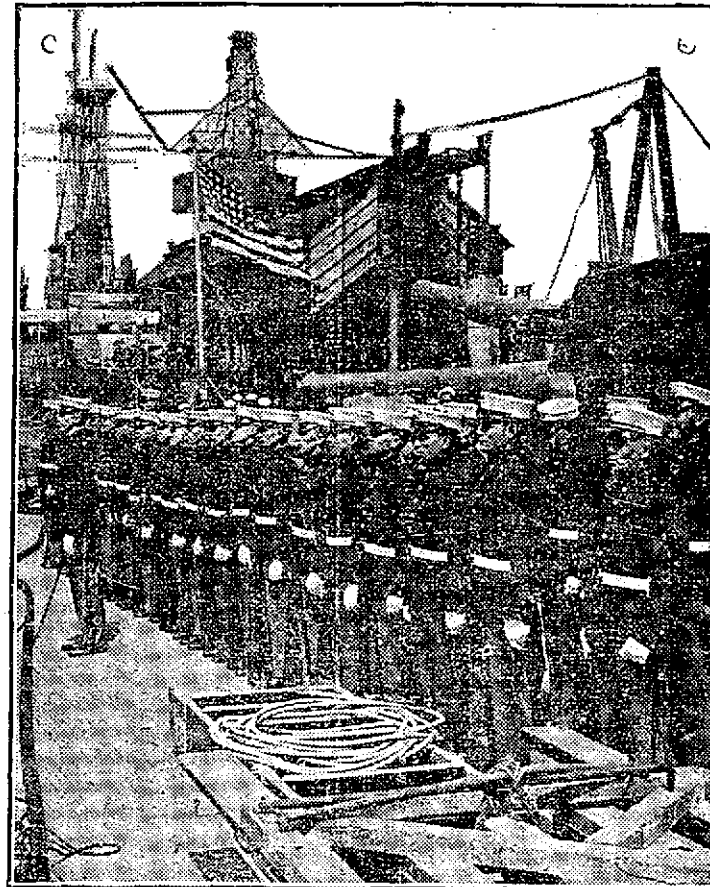

Photo by American Press Association.

UNITED STATES boasts of a trained marine corps numbering about 10,000 men. Under Brigadier General George Barnett, who recently assumed command, they are well equipped for service in Mexico. There were at least 3,000 marines, all told, in Mexican waters when the president was authorized to begin the blockade.

Best Site for a Poultry House Is Where Good Water is Available

Poultry houses may be built more open and consequently less expensive in the southern states than in the north, according to investigations of the United States department of agriculture.

However, a house which gives satisfaction in Maine will also give good results in Texas or California. The best site for a poultry house in any location is one where good water and air drainage are available. The floor and yards will then be dry. The house should not occupy a low hollow in which cold air settles. Where ever possible a southern or southeastern exposure should be selected, although this is not essential if there is any good reason for facing the house in a different direction.

"Poultry House Construction" is the title of the department's new Farmers' Bulletin (No. 574), in which are explained the main features that should be considered, and in which pictures and plans of satisfactory houses are shown. Every poultryman who contemplates erecting new poultry buildings should write to the department for this bulletin, which will be sent him free on application, as long as the department's supply lasts.

There are two popular ways in which to raise poultry, the "intensive system" and the "colony system." The first of these aims to save steps, and accomplishes this purpose. Long stationary houses are used. It is easier, however, to keep the birds healthy and to reproduce the stock under the second system.

Under the colony system the birds are allowed free range, the houses, which hold about 100 hens each, being placed from 200 to 250 feet apart, so that the stock will not kill the grass. This system may be adapted to severe winter conditions by drawing the colony houses together in a convenient place at the beginning of winter, thus reducing the labor during the cold months. The first system is more suited for hens used solely for the production of market eggs than for those used to breed stock.

Fences mean an outlay of money, and this outlay is more or less continuous, as they must be maintained after being installed. There should be as few fences as possible dividing the lots and the yards, as land can be kept "sweet" more easily if not fenced, and fresh, sweet land is a valuable asset in poultry raising.

On good soil, a greaseward may be kept up by allowing 200 to 250 square feet of land per bird. This means 217 or 174 birds per acre. More space is necessary on poor or light land. A larger number of fowls

are usually kept to the acre where double yards are used and the land is frequently cultivated. Plymouth rocks and the other heavy meat breeds in small yards require fences 5 to 6 feet high, while a fence 6 to 7 feet high is necessary for leghorns. The upper 2 feet of the fence for the latter may be inclined inward at an angle of 30°, or a strand of barbed wire may be used on top of the regular wire, to keep them confined. It is also sometimes necessary to clip the wing feathers of one wing of these birds that persist in getting out. A board or strip along the top of the fence is not advisable. Hens will often fly over such an arrangement.

Posts may be set or driven into the ground. They should be set 8 to 10 feet apart, with common poultry netting, or 16 to 20 feet, with woven wire. Corner posts should be about 8 inches in diameter and be set 4 feet in the ground, while intervening posts may be 4 to 5 inches in diameter and set 3 feet in the ground. That part of the post which is set in the ground may be charred or treated with some wood preservative to advantage, while corner posts should be firmly braced or set in cement.

All buildings and appliances on a poultry farm will be improved greatly, both in appearance and in serviceability by the addition of paint. One may buy ready-mixed paints, or may purchase paste pigments and oil and mix them. All surfaces should be clean and dry before they are painted. Use a priming coat made of equal parts of paint and linseed oil and cover with one or more coats of paint, which should be thoroughly rubbed into the surface.

Whitewash is the cheapest of all paints, and may be used either for exterior or interior surfaces. It can be made by slaking about 10 pounds of quicklime in a pail with 2 gallons of water, covering the pail with a cloth or burlap and allowing it to slake for one hour. Water is then added to bring the whitewash to a consistency which may be applied readily.

A weatherproof whitewash for exterior surfaces may be made as follows: (1) Slake 1 bushel of quicklime in 12 gallons of hot water; (2) dissolve 2 pounds of common salt and 1 pound of sulphate of zinc in 2 gallons of boiling water; pour (2) into (1), then add 2 gallons of skim milk and mix thoroughly. Whitewash is spread lightly over the surface with a broad brush.

Colorado's ore product for 1912 was valued at more than \$4,270,000.

PROSPECTS FOR VICTORY GOOD

Fans Highly Elated Over Announcement of Signing of Sanford and Expect to Win.

NEW UMPIRE IS SECURED

Superbas Will Line up Much Same as Last Year With Bob Geary in Box.

(By Doc Hiner.)

The fans were highly elated over the announcement that Manager Fisher of the Rushville team had secured Ed Sanford to pitch for the Arcadians. The ability of Sanford is well known here and the general opinion is that he should beat Davidson's Superbas Sunday.

The management of the Arcadians will make an effort to keep Sanford the rest of the season but even if he only pitches the one game it should be well worth while. Fisher says he is a wonder and the fans are hoping for warm weather in order to give him a chance. Rushville will give the Superbas a great battle from all indications.

Yesterday a six-ton steam roller was used on the grounds and they are in fine shape. The heavy roller leveled the infield wonderfully and did more good than anything yet tried on the grounds. The base lines were filled up and then the roller put to work. The grounds will be very fast Sunday providing it does not rain. One of the largest crowds of the season is looked for Sunday as the Superbas are well known here, having lost a one to nothing game and then came back and beat Rushville last year.

The team is practically the same as last year. Bob Geary, who let the Arcadians down with three little hits last year will again pitch for the Cincinnati team. With Geary in the box it will require someone like Sanford to stop them.

The Superbas will line up as follows: Conroy, catcher; Geary and Heismann pitch; Westerfield, first base; Tedesco, second base; Seltzer, short; Flannery, third; Kuhlman, left field; Guire, center field; C. Geary, right field and C. Heismann, utility. Conway the catcher will be remembered as one of the best and heaviest hitting catchers on the local grounds last year.

The Arcadians will face the Superbas with the line up the same as last Sunday with the possible exception of one change. Spillman may be placed at second and Fisse at third. O'Dell, who played third, in case this change is made, will be placed in the outfield. Spellman is an infielder and it is figured the infield would be strengthened and at the same time the batting strength of the team would not be weakened because O'Dell would be retained in the line up.

In case this change is made the team will line up as follows: Matfern, catcher; Sanford, pitcher; Bridgeman, first; Spellman, second; Johannes, short; Fisse, third; Pierce,

left; O'Dell, center and Tompkins or Todd, right.

Manager Fisher also announces that he has secured a new umpire. His name is Stimmler and he is said to be a real umpire. He worked at Kokomo part of last season and also at Richmond. He is said to be square in his decisions and knows the game from start to finish. Capt. Pierce reported that he had secured Stimmler. The game will be called at 2:30 o'clock.

SENIOR PLAY IS SET FOR TONIGHT

"Captain of Plymouth" Promises to be Entertaining Dress Rehearsal Shows Cast Well Trained.

COLISEUM WILL BE HEATED

High School Stages a Parade at Noon With Brass Band and Other Features Including Callopie.

The curtain will rise tonight at eight o'clock for the senior class play, "The Captain of Plymouth," which will be given in the coliseum. At the final dress rehearsal last night every thing went off nicely and the play promises to be a great success.

Many of the costumes are comical and afford many a laugh. The puritans dressed in the ancient costumes, and the army, which would make Julius Caesar jealous, is of a large variety, both in size and dress. Captain Miles Standish around whom the play centers, plays his part exceedingly well.

A great many song hits feature the play, and several dances are introduced. A girls' sextette, solos by John Alden, Capt. Standish, Pricilla and Elder Brester, together with the chorus of forty, gives a wide variety of vocal talent. Merle Maupin accompanies the music with an opera piano, rented for this special occasion.

The curtain and scenery were obtained from the Auditorium in Connersville. Provisions have been made to heat the coliseum, provided that it is not sufficiently warm, and there is no fear of the cold.

A novel stunt was pulled off today at noon by the high school, which gave a real parade, headed by a brass band—more or less. Banners told of the play tonight, and the students marched in pairs from the Graham building down town and around the court house. A circle was made at Main and Second streets and the band played "A Hot Time in the Old Town Tonight." One of the interesting things about the parade was that it attempted to imitate the real thing, and Harry Schmalzel ended the parade with a large placard on his back bearing the words "Callopie."

COMMISSION IS AGAIN AT WORK

Begins Study of Conditions in Every Part of Country Preparatory to Making Report

VOCATIONAL EDUCATION

Is One of Subjects That Has Been Widely Investigated at Meeting in Washington

(By United Press.)

Washington, May 1.—After a brief recess the national commission on vocational education settled down again today to a study of conditions in every part of the nation, preparatory to making its report June 1. This report, which may be instrumental in giving Indiana \$400,000 in federal funds for educational purposes, is awaited with interest.

The commission last week completed important hearings on the subject of national grants to aid the states in promoting vocational education. It sought to obtain the opinions of leading national organizations through their officials inasmuch as in this way the concentrated opinions of millions can be obtained on short notice.

Twenty five organizations either appeared through their representatives or filed briefs including organizations of manufacturers, labor representatives, social workers and educators.

The commission is working hard at the job of completing a report embodying the best views of the country before June. The members of the commission are serving without compensation and they are aiming to set a precedent for future commissions to follow by making a report on time and by keeping within the appropriation granted.

The subject of vocational education has been widely investigated and the commission believes that its function is to clarify the vast amount of material already gathered instead of trying to create new additions to them as of such literature. The report will clearly set forth the needs for vocational education and suggest plans by which it may be effectively promoted.

Ivory promoted. Hoke Smith, Senator from Georgia, is chairman of the commission. The member from Indiana is John A. Lapp, director of the bureau of legislative information, Indianapolis.

In its membership the commission combines representatives of many different interests involved in the problem of all whom have had experience in practical applications of vocational education. There are senators, congressmen, legislature experts and social workers, but no school teachers.

HOLDS PLACE ONLY A YEAR

E. M. Gifford Resigns as Superintendent of Milroy Schools.

E. M. Gifford has resigned as superintendent of the Milroy schools. He held the position only one year. In his letter of resignation to J. D. Kinnett, trustee of Anderson township, Superintendent Gifford hints that he has not been working in perfect accord with the school authorities. He writes that some of the things he had hoped to accomplish "in behalf of the school have been impossible because of the lack of adequate support on the part of you as trustee." Mr. Gifford says it is to the best interests of the school as well as his own to resign.

DON'T GROW BALD

Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull stringy hair soft, abundant and radiant with life. Equally good for men, women and children—every one needs it.

A large bottle of this delightful hair tonic can be had from F. B. Johnson & Co or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "Just-as-good."—Try it now.

THE NECK FINISH IMPORTANT TO THE FROCK

Collars have always been important to the frock or suit, but this season they are particularly so. There are several designs that are favored, among them the wide, flaring lace collar, the Normandy peasant collar, the Gladstone, which is wired or starched in stiff points on either side of the chin, the hood and the Japanese. The Japanese neck line flares away from the throat, and while it is perhaps the most up to date of all at the moment, is not as generally becoming as those coming to a V in front. Paquin shows on several of her frocks, a novel neck line; it is decidedly decollete in back while in front it comes up considerably higher. Conservative dressers will no doubt fight rather shy of this unless it proves to be unusually becoming.

In the gabardine street frock shown in No. 8279, there is a shawl collar of striped taffeta and revers outlining

the U-shaped opening on the front of the bodice; these and also the girdle are of the striped silk.

Among the other smart features of this design is the vest of plaited batiste, the drop shoulders and the three-tiered skirt.

This dress requires, for size 36, 6½ yards of 36-inch material.

The Japanese collar is effectively shown in Nos. 8309-8311. The costume, which shows a blouse and tunic of figured silk crepe and a skirt of black taffeta, is an attractive design for street or informal afternoon affairs.

It may be made up in size 36 with 3 yards of 36-inch material for the blouse (8309), and 3½ yards of 36-inch material for the skirt (8311).

No. 8279—sizes 34 to 42.
No. 8309—sizes 34 to 42.
No. 8311—sizes 22 to 32.
Each pattern 15 cents.

To obtain either pattern illustrated cut out this coupon and enclose 15 cents in stamps or coin. Be sure to state number of pattern and size, measuring over the fullest part of the bust. Address Pattern Department, care of this paper.

Evening Gowns Not Only Thing Without Even Hint of Sleeve

BY MARGARET MASON

(Written for United Press.)

Fashion says your coat and frock must be sleeveless, what a shock! This will be to Sara Brown, Quite the smartest girl in town. For she's often I believe

Fond of laughing up her sleeve.

New York, May 1.—Not only are evening gowns absolutely guiltless of even a hint of a sleeve, but even the coats have the habit. Most of the smartest loose wraps and capes and coats are sleeveless and slip their empty armholes over fair feminine arms with all the careless abandon of a perfectly good masculine waistcoat. What is lost at one extremity, however, is now made up at the other for protection petticoats have returned again to the fold or rather to enfold slender ankles in scant white ruffles of sheerest organdy or Paris muslin. They are so narrow and so thin that they neither add bulk to the ankle line nor hide any of it. They quaintly resemble the old style pantalets as they peep out from under the short ruche edged taffeta skirts of the moments and are indeed a far cry from the petticoats of yore.

Indeed, in spite of the fact that they really are petticoats they are never designated as such by the designers and dress-makers but answer the name of underskirts or pantalet frills.

Appropos of not calling a spade a spade you must never make the shocking mistake of calling a separate waist a waist—mercy no, Clara, it's a blouse. What ever is in a name in this case there isn't much in a blouse when it comes to material. Just two layers of chiffon or a single thickness or rather thinness of bookmuslin hemstitched around the open throat line, down the front and around the plain three quarter slightly flaring sleeves, makes up some of the choicest new models.

For an ornate touch they rely on a fantastic girdle and gorgeously tinted, usually with vestee, cuffs and collar of handkerchief linen promise great popularity for the summer.

Always the belt or girdle plays a striking part in the effective ensemble of the blouse. The favorite Roman stripes are shown in smart shirtings of both silk and madras for the more tailored blouses and those to be worn with the sport skirts and coat.

It is no longer a question of "Button, button who's got the button?" since every woman seems to have every button on to every available space or cranny of some one or two of her summer costumes.

Jet buttons are very smart on frocks and suits of buff toned taffeta but ball shaped buttons covered in the same taffeta as the gown are the chosen trimming in a straight row down the center of the new tight fitting basque models. Cord buttons are also a favorite garnishment particularly on voile and other cotton frock material frocks.

Your dress may lack a few little

HELP THE KIDNEYS

Rushville Readers are Learning the Way

It's the little kidney ills—The lame, weak or aching back—The unnoticed urinary disorders—That may lead to dropsy and Bright's disease.

When the kidneys are weak, Help them: with Doan's Kidney Pills.

A remedy especially for weak kidneys.

Doan's have been used in kidney troubles for 50 years.

Endorsed by 30,000 people—endorsed at home.

Proof in a Rushville citizen's statement.

R. Morrison, blacksmith, 126 S. Main St., Rushville, Ind., says: "I had backache and pains through my loins. It was hard for me to straighten after stooping and my kidneys were out of order. Doan's Kidney Pills made me better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Morrison had. Foster-Milburn Co., Props. Buffalo, N. Y. (Advertisement.)

essentials like sleeves or even a whole waist for in many instances a giraffe extended above the bust line is as good as a regular bodice any evening but let it lack buttons and it is sartorially damned.

Leaping from buttons to buttonholes it is interesting to note that the bound and corded button holes are now things of the past and the good old honest-to-goodness normal buttonhole worked in thread has returned to its own. Plackets also now have their proper place and appear as they should according to the best placket regulations in the middle of the back of the skirt. Even if there is no seam there, a slit is made for the placket any way so anxious is it to return to its old home after a wandering life for the last two or three seasons and transitory settings in the front of the skirt at the side or on the hip.

It is a sad blow to all 1914 Cinderillas that loud pointed vamps are the rage in the slipper line. It seems rather preserve that Americans should take up the long pointed slipper and shoe just when it has been cast aside by the smart Parisian for the dainty short vamps of the erstwhile American footwear. Brought into even more prominence by the shortwear skirts the up-to-date shod foot will prove exclusively that it is shoes rather than brains that make large understandings.

SIBERIA IN GRAVE TROUBLE

United States Sends Ship to Help the Stranded Liner.

(By United Press.)

Honkong, China, May 1.—Wireless reports received today state that the liner Siberia is in trouble off the island of Formosa. It is reported the ship is in a dangerous position. Mrs. Francis Burton Harrison, wife of the governor of the Philippines, is aboard the ship.

VESSEL SIGNALS FOR AID

Liner Reported to be in Dangerous Position Off Island.

(By United Press.)

Washington, May 1.—"Fear Siberia Floundered," states a message received by the state department today. The dispatch stated the Siberia had signaled repeatedly for aid. A vessel was sent to aid the Siberia but it can not arrive before six hours, the dispatch stated.

The Siberia is owned by the Pacific Mail Steamship company. It is of 18,000 tons displacement and is declared unsinkable. It is magnificently furnished and has three complete decks.

JAPAN SENDS SHIP.

(By United Press.)

Tokio, Japan, May 1.—The Japanese government ordered the ship Kanto Maru from Formosa to rush at full speed to aid the Siberia. The Siberia carried eighty first-class passengers.

STEAMER TO AID.

(By United Press.)

San Francisco, May 1.—A wireless received here today stated that the liner Siberia was ashore off Formosa. The steamer Minnesota of the Great Northern line has gone to the Siberia's aid.

MARGARET LAWRENCE

NURSERY DESIGN OF SUNBONNET BABIES FOR PATCHWORK APPLIQUE

Children always delight in having reminders of toyland about them, and this design of sunbonnet babies is particularly appropriate for use in the nursery. It is suitable for use on a runner or pillow of linen or rep, or on a crib cover. Pattern No. 14529 is for patch work applique and should be cut from bits of gay colored material.

Transfer the pattern to a piece of white cotton cloth, using this as a basis. Then cut apart the tissue pattern from which the transfer medium has been removed, and cut out each motif or part of the pattern on the line of dots. From these tissue patterns cut patterns from stiff cardboard and use these for cutting out the pieces of colored cloth, allowing 3/8 of an inch all around for the seam, or for turning in.

These designs may also be embroidered in outline or applique with buttonhole-stitch. The birds, fence, sunflowers and trees, which are included in the pattern, are guides for the quilting, which is done with very fine running stitch.

The pattern contains 4 different groups of sunbonnet babies between 7 and 11 inches high and 4 children in nightclothes between 3½ and 5½ inches high.

The bed time kiddies should be cut from white material and applied onto a colored background or they may be simply outlined with colored mercerized cotton.

Guaranteed, hot-iron transfer pattern will be supplied to readers upon receipt of price, 15 cents.

HATRED IS DO TO OLD GRUDGE

In Days of Diaz Americans Treated Mexicans as Slaves and They Never Have Forgotten

INDIANS THE WORST CLASS

One Governor Sent Uniforms and Ammunition Instead of Soldiers to Stop a Strike

(By William G. Shepherd.)
(U. P. Staff Correspondent.)
Mexico City, May 1.—Do Mexicans hate Americans? They do; millions of them do. And during the past two months in Mexico I have learned why so many Mexican Indians wish to kill or abuse American mine managers and planters. I have heard, first hand, from Americans, more than one terrible story of how

Delicious — and Ready For Use

There is more than convenience — "always-ready-ness" — to commend Golden Sun Coffee—Steel Cut.
It is always clear — free from dust and chaff.
And it makes a clear, smooth-drinking beverage.

Golden Sun Coffee

Steel Cut—is cut to an evenness impossible to obtain in any other way—only the fine, smooth, flaky gold of the coffee berry retained.
Cleanly, convenient, economical. Sold in pound tins—and larger.
Whether you prefer to buy your coffee in the bean or ready ground—ask for Golden Sun Coffee. Prepared either way.
And there are five different blends—Karo, Navarre, Brindale, Vienna, Mocha & Java—one for everyone.

they abused their Mexican employees. These stories have been told to me in boasting spirit. In the days when Diaz ruled with his iron hand, Americans, as a rule, treated their Mexican workmen as the most cruel of the slave owners of the old South treated their black slaves.

"I've ridden into a bunch of them and mowed them down with a machete as if they were dogs," one American told me. I won't give his name because he has in his possession at this moment letters threatening his life when the rebels enter Mexico City. He is rich and influential and his fortune has been made in Mexico.

"It was the only way to treat them," he said. "Now and then some of them would get drunk on my ranch in Tampico. I found the best way to do was to ride right in amongst them with a big knife and slash right and left, as they scattered. If any showed fight I'd shoot them. Revolver in one hand, and machete in the other. That was the way I used to fix them. We'd have the funeral the next day and peace for a long time after that. I'd have the governor of the state and the mayor of the nearest town on my payroll and I'd report the slaughter to them—it was always a slaughter, too, let me tell you—and they'd always answer that I had done just right. Those were good old days, the Diaz days. The foreigners had plenty of rights then."

"One time I had a quarrying contract on the west coast," another rich American told me recently. "I had about 6,000 very religious Mexican Indians. As soon as I got my camp established an archbishop sent out a priest. He rigged up a church and everytime he rang the bell all my Indians stopped work for a few minutes for devotions. I saw pretty soon that I was losing time by it so I hunted up the archbishop and said to him:

"Look here, I want to come to some terms with you about that bell ringing. If you'll agree to make a schedule which provides for that bell being rung only two or three times a week I'll build you a little church out there in my camp and I'll cut the wages of any Indian who doesn't have his money ready when the church collectors come around."

"The bargain lasted two years until the old priest was called away and a new one came. He was dead honest; I couldn't do a thing with him. He started ringing the bell on the old schedule. I told him about the arrangement I had with the bishop. "I don't care what arrangements you've made with the bishop," he told me. "It's duty to ring the bell every day at the proper times and I'm going to ring it."

"That night I ordered my boss to burn the church. It was done. The old bishop another priest and my foreman ran him off." Since the revolution began in Mexico and the Indians discovered their power, en masse, this man has received hundreds of letters from former workmen threatening his life.

A miner in Guajimato, who has just returned from Washington where he endeavored to persuade President Wilson that intervention

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.
You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.
Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.
A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

CATARH VICTIMS

Use Hyomei—You Breathe it

It's the right-to-the-point remedy not only for catarrh, but for head colds, sniffles, bronchitis, laryngitis or croup of children. You breathe it—no stomach dosing.

You will like Hyomei. It not only gives instant and lasting relief, but is entirely harmless, pleasant to use, and economical. Money refunded by F. B. Johnson & Co if you are not benefited.

Hyomei is a combination of antiseptic oils that mixes with the air and quickly reaches the irritated and inflamed membrane of the nose. It's sure and safe healing begins immediately—you feel better at once.

If suffering from watery eyes, lousy voice, discharge from the nose or that choked-up feeling, try Hyomei now—today. All druggists sell it. Ask for the complete outfit.—\$1.00 size.

(Advertisement.)

in Mexico was necessary, said to me:

"I've had to kill Indian workmen who wouldn't obey me. There's no possible way to get along with a Mexican and treat him kindly. You have to beat them like dogs. Any time one of my workmen is suspected of stealing ore, he is brought to me and I start right at him with my fists. I knock him as near senseless as I can and then make him confess."

Another American boasted to me: "I had a strike in my mines one time, in the Diaz days and I asked the governor of the state, who was on my payroll, to send me some soldiers. Instead of that he sent me a lot of uniforms and rifles and ammunition and a commission as a major in the Mexican army. He told me to organize an army of my own, and give it all the orders I pleased. I told some of the strikers they'd have to join the army. I put them in uniform, gave them rifles and bullets and took them to the mine. I ordered them to shoot against the strikers and they did. They killed of their brothers and that ended the strike.

Perhaps, if an "Uncle Tom's Cabin" had been written years ago of Mexican slavery by Americans, the present revolution might have been avoided. The death rate of Americans in the present revolution is undoubtedly due, in a large measure to the grudges of years' standing and to bitter recollections of cruelty and injustice in the minds of Mexican workmen. The more one looks into the matter the more one is convinced that the Belgians in the Congo were not more cruel than many Americans have been in Mexico.

TO GIVE CONCERT AT STATE PRISON

Boy's Band of Muncie Offers Services at Michigan City for Mother's Day Program

ACCEPTED BY AUTHORITIES

(By United Press.)
Michigan City, Ind., May 1.—The Boys' band of Muncie has volunteered to give a concert at the state prison chapel on the second Sunday in May—Mother's Day—for the pleasure of the inmates, and the offer has been accepted by the prison authorities. The band embraces thirty members, their average age being only seven years. Their average weight is seventy-six pounds. It is believed their appearance on Mothers' day will be very effective.

The band gives its services free of charge, but Chaplain O. L. Kiplinger may arrange for a down-town concert to help defray its expenses.

Each prisoner will get a carnation on Mothers' day. This year they will be furnished by the employees of the Bemis Bag Company of Indianapolis.

YANKEE REFUGEE LOSES FORTUNE

Dr. E. L. Brown Tells of Being Deprived and of Babe Being Killed by Mexican Soldiers

WIFE SLAPED THE DICTATOR

Huerta Offered Insults When She Protested—Troops Took \$100,000 From Him

(Special to the Daily Republican.)
Louisville, Ky., May 1.—Dr. E. L. Brown, of Laredo, Texas, a heavy investor in property in war-torn Mexico, today told a remarkable story of conditions obtaining in the republic to the south.

According to Mr. Brown, who is on his way East on business, his wife was insulted by President Huerta at the national palace when she went there to file complaint. Mrs. Brown responded to the dictator's advances by slapping him full in the face. Dr. Brown says Mexican soldiers afterward shot his eighteen-months-old baby to death as it slept in its mother's arms and that his property in Mexican territory was seized.

In the Isthmus of Tehuantepec, partly in the state of Vera Cruz and partly in Oaxaca, Dr. Brown says he purchased 50,000 acres of oil land and 200,000 acres of apparently waste land, on which were some young rubber trees.

The Isthmus of Tehuantepec is the narrowest part of Mexico, lying between the Gulf of Mexico and the Pacific Ocean, south and east of Vera Cruz and Mexico City.

At one time Dr. Brown was forced to go to Europe on business. He and his family left their hacienda near Tehuantepec, but because Mrs. Brown was seriously ill and unable to make the trip she was left in the care of friends at Vera Cruz, while Dr. Brown and his two young children went abroad. During his absence Dr. Brown says, Mrs. Brown heard reports that rubber trees on their plantation were being destroyed. She went to President Huerta at the palace in the capital, Dr. Brown says, to protest.

While there, Dr. Brown declares, Huerta offered Mrs. Brown a personal insult. She replied by slapping the Dictator in the face. Then she appealed to the American officials for aid.

"They told her," said Dr. Brown, "that she was an English woman and that her marriage to an American made no difference. They could do nothing, they said."

"It was after my return," continued Dr. Brown, "that my youngest child was killed in its mother's arms. I had heard that some of the

JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite.

He says:
"Vinol is just the thing.
For summer, winter, fall or spring. Follow directions, take it right. It will save you lagging appetite."

"I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when I split rails, dug wells, topped trees, plowed corn and hoed cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to ask for food—a sure sign of impaired general health. Better than dosing the stomach with pepsin for temporary relief is taking Vinol, our delicious tonic, which has the strengthening and blood-making power of iron, and the building-up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing. F. B. Johnson & Co., Druggists, Rushville, Ind.

P. S. If you have any skin trouble try Saxo Salve. We guarantee it. (Advertisement.)

Even Cobblestones Won't Jar Baby In a Sidway Carriage

The Sidway Long-Leaf Suspension spring makes the Sidway the only bumpless, jarless, joggless baby carriage made. As baby grows this suspension spring can be regulated in its tension, to correspond with the baby's weight.

Fred A. Caldwell
Rushville, Indiana.

banks in Mexico City were unsafe. I had \$110,000 on deposit there. I went there, got the money and because of the trouble and warning from Washington made ready to leave. This was three weeks ago.

"In the palio, or court, of my residence, I was tuning up my machine while my wife and children and their nurse prepared to leave. Some person told the Mexicans that I had withdrawn my money and was preparing to leave. Soon soldiers appeared, broke down the gate and entered the yard. I was working on the automobile and the wife and children were on the piazza.

"Without a word of warning the Mexicans opened fire with their rifles. Little Madelon, who was then 18 months old fell from her mother's arms. She had been killed outright.

"In the pocket of my linen coat on the piazza was my automatic revolver. My wife drew it and returned the Mexican's fire. She killed two of the soldiers.

"But our resistance was of no use. They searched me, took from me the \$100,000 which I had sewed in a flannel shirt, but left me \$250 in Mexican money which was in a belt. They burned an automobile and raided the hacienda, taking everything of value. I wondered that they spared our lives.

"We made our way to Vera Cruz and there were taken aboard a refugee ship. We made our way to Laredo, where my wife and children are now."

Dr. Brown declares he will never go back to Mexico. Mexico has taken everything from him that he had. He has no hope of regaining his property. Even Washington offers him no encouragement, he says. In July his wife will receive another portion of her father's property in England, and then they will go abroad. In the meanwhile he is penniless and in debt, he declares.

RATES ADVANCE.

(By United Press.)
New York, May 1.—The Eastern Steamship Corporation today put into effect its advance rates for first-class passengers on all lines west of Boston, according to the plan adopted February 25. The plan included also the discontinuance of second class passage on all such boats. "Increased cost of doing business" was the reason given by Passenger Traffic Manager C. H. Taylor for the increased tariffs.

REPORT EXPECTED TODAY.

(By United Press.)
Washington, May 1.—Congressional probers of the Calumet copper strike today were expected to submit the formal report of their investigations. It was generally believed that the mine owners would be bitterly scored for employing armed guards and for demanding that the miners relinquish their union cards as a price of peace.

PERMANENT PEACE IS NOT EXPECTED

Is Indicated Today by Fact That Administration Asked For \$100,000,000 Army Appropriation.

WANTS IT FOR USE AT ONCE

(By United Press.)

Washington, May 1.—It was authoritatively stated here today that Charge O'Shaughnessy, now at Vera Cruz, expected to return to the United States in the next few days for a conference with President Wilson.

That permanent peace with Mexico is not expected to result from the present mediation was indicated today by the request that the appropriation of \$100,000,000 in the army bill be made immediately available. This request came from the administration.

Representative Fitzgerald, chairman of the House appropriation committee, and Representative Ray, chairman of the House military affairs committee conferred with the President today concerning the army appropriation bill. Representative Fitzgerald said:

"The president, Mr. Hay and myself are in complete accord on this question. There is no immediate necessity but the emergency demanding it might come at a moment's notice. Consequently we have agreed to put the resolution on the calendar and if the emergency comes and the army needs its millions, the authority would be conferred upon in without any delay whatever. The same conditions will prevail so far as the naval appropriations are concerned."

45,000 MINERS TO STRIKE.

(By United Press.)

Columbus, O., May 1.—At the headquarters of the United Mine Workers it was stated today that 45,000 coal miners will go on strike Monday because of the refusal of operators to meet their demands for pay on a basis of run of mine.

TO NAME PLACE.

(By United Press.)

Michigan City, Ind., May 1.—The Indiana Society of Chicago is expected to decide soon whether it will hold its annual frolic here or in Valparaiso. A committee has visited both cities to ascertain their relative advantages for a picnic such as the fastidious exiles desire.

"ON TO TAMPICO."

(By United Press.)

El Paso, Texas, May 1.—"On to Tampico" is now the slogan of the Rebels. They must have a seaport. Villa and Carranza met in conference today and it was learned that Tampico is their objective point.

DEMONSTRATION IS AGAINST JOHN D. JR.

Industrial Workers of World Parade Streets of New York Today and Carry Suggestive Banner.

YOUNG ROCKEFELLER IS ILL

(By United Press.)

New York, May 1.—With John D. Rockefeller, Jr., ill at his home at Terrytown as a result of the demonstration of protest directed against him because of his refusal to consent to arbitration in the Colorado labor war, the May day celebration here today was directed chiefly against the millionaire king. More than 300 Industrial Workers of the World, led by "Sweet Marie" Gangs, who again said she would shoot down Rockefeller "like a dog" and other leaders gathered in Mulberry bend and from there marched to Union Square. In the procession to Union Square a giant black banner was carried. In white on the banner was a huge skull, a cross bone and the printed words, "26 Broadway."

NEW RATES EFFECTIVE

(By United Press.)

Washington, May 1.—Many commodity rates lower than existing ones went into effect upon the Interstate Commerce Commission's order, today, between Chicago, Mississippi and Missouri river points to Denver and Colorado common points.

NEW INSTITUTE.

(By United Press.)

Pittsburgh, May 1.—Work was begun today on the buildings of the new Hebrew Institute of Pittsburgh, on a recently acquired plot in Yylie Avenue, near Green street. About \$40,000 was subscribed for the institute, which, at its opening will have classroom accommodations for about 600 pupils.

TRUST WORK MAY START.

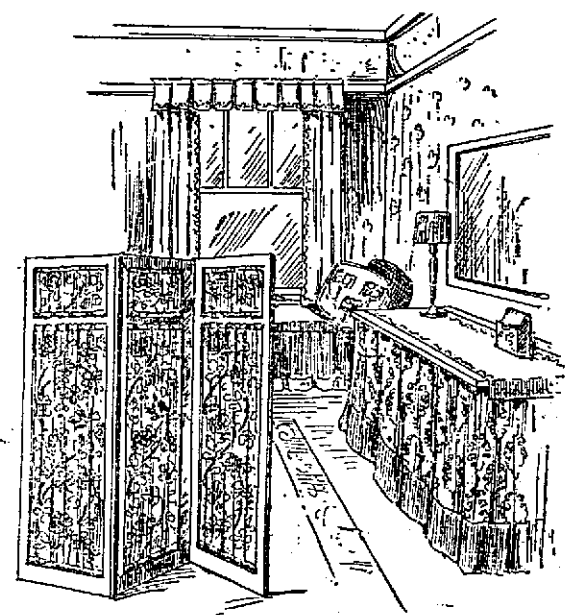

(By United Press.)

Washington, May 1.—Trust program leaders expected today to observe May Day by launching in the House their trust bills. This program will consume weeks, according to present indications, and with the accumulation of other business, delay adjournment until August 15 or September 1.

NEW YORK SOCIAL WORKERS.

(By United Press.)

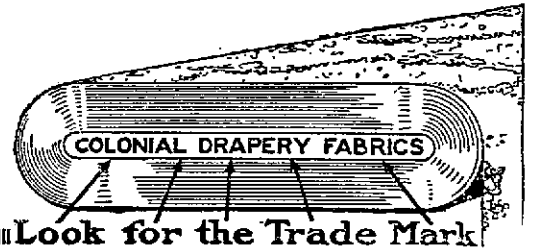

Pittsburgh, May 1.—Miss Beulah E. Kennard, whose resignation from the Pittsburgh Board of Public Education became effective last night, was prepared today to go to New York, where she will engage in sociological work among store girls.

Rooms may be artistically and inexpensively furnished by using

COLONIAL Drapery Fabrics

for the screens, window curtains, pillows, dresser covers, utility boxes, lamp or candle shades and other useful articles. The same design may be used throughout, although varied, if desired, in materials suitable for each purpose.
